ALCOHOL FOR
USE IN EPIDEMIC
TO BE ASSURED

House Committee's Decision
When Attention of That
Body Is Called to the Sup-
posed Value of Liquor in
Influenza.

PATENT MEDICINES
MUST BE DENATURED

Provision Which Permits of
"Stocking Up" for Future
Use Retained in the Dry
Enforcement Measure.

WASHINGTON, June 25.—Under an amendment to the prohibition enforcement bill, approved today by the House Judiciary Committee, a stockpile would be permitted to withdraw tax free from Government warehouses alcohol produced at industrial plants and destined by health authorities in time of epidemic.

In offering the amendment, Representative Goodykoontz, Republican, West Virginia, called attention to the situation last year during the Spanish influenza epidemic and said in many cases physicians had used whisky as the best and most available remedy.

Another amendment approved by the committee provided that patent medicines containing more than one-half of one per cent of alcohol must be "unfit for use for beverage purposes."

A man's right to store liquor in his home for the long dry period after July 1 stood up yesterday against an attack on that provision of the enforcement bill.

Near the end of an all-day session the committee voted down an amendment which would have made it unlawful for a citizen to have liquor in his possession, struck out a section which would have prevented "use" by a citizen of liquor in his private dwelling, and decided that in the matter of general enforcement there would be no difference between war-time and constitutional prohibition.

Even with this and other changes, the bill as it will be reported out is considered as all-embracing. So drastic are its provisions, members of the committee say, that while a man may put a keg of beer in his cellar, he may be convicted and fined if, for instance, he wears a watch fob on which there is a picture of a keg as an advertisement.

Liquor in Dwelling.
In a general consideration of the measure the committee made a number of minor changes, but the principal fight was over the question of the right of home storage for personal use. Representative Morgan, Republican, of Oklahoma, endeavored to have stricken out the section reading that "it shall not be unlawful to possess liquor in one's private dwelling while the same is occupied and used by him only as his dwelling."

Adherent prohibitionists voted against the Morgan proposal, for the reason, they said, that nothing was to be gained by enacting a law so drastic as to arouse the hostility of persons who rejected that. He day of the saloon had passed. Prohibition members supported an amendment eliminating the proviso that the liquor must be obtained and placed in storage prior to date the liquor would become effective. As amended the section reads: "That such liquor need not be reported, provided the burden of showing that possession is legal is upon the possessor."

Section as Amended.
Representative Gard (Dem.) of Ohio led the fight to strike from the bill the word "use," as applied to the right of home consumption. His motion to amend also included the striking out of the words "give away," "receive" and "possess," but the committee insisted that these should stand. It was said there was no particular fight on Gard's proposal, and as amended the section stands:

"That no person shall, on or after the date when the eighteenth amendment to the Constitution goes into effect, nor while the war prohibition act shall be in force, manufacture, sell, barter, give away, transport, import, export, deliver, furnish, receive or possess any intoxicating liquor, except as authorized in this act, and all the provisions of this act shall be literally construed to the end that intoxicating liquor as a beverage may be prohibited. Liquor for nonbeverage purposes and wines for sacramental purposes may be purchased, sold, transported and used as herein provided."

Intoxicating Liquor Defined.
Every person legally permitted to have liquor is required to report to the proper authorities within 10 days

DRY SPOT IN
COUNTY GETS FIRST
RAIN IN WEEKS

Showers Avoided Creve Coeur
District, Which Was Begin-
ning to Suffer From Drouth.

The expanse which is often made for rain, by city dwellers, is that it helps the farmers. But most of the rain which has been so plentiful in St. Louis in the past four or five weeks, has not helped the farmers in a large section of St. Louis County around Creve Coeur Lake, because they have not received it.

Monday's heavy downpour was general, and the Creve Coeur district got its share, with more beneficial results to corn and potatoes, which had begun to suffer from drouth. Before that time, in the Maryland Heights, Pattonville, Bridgeton and Vigus neighborhoods, there had been no rain worth mentioning for several weeks or more—some of the farmers say it was as long as seven weeks.

Last week when St. Louis was getting its daily shower, and when Kirkwood, Webster, the Clayton district and the Chain of Rocks region were beginning to complain of the abundance of moisture, the city farmers of Maryland Heights stood in their gardens, evening after evening, and watched clouds pile up encouragingly, then blow away and break over some other district.

Heavy Snows in Argentina

Traffic Tied Up and Many Americans Detained From Sailing.

By the Associated Press.

BUENOS AIRES, June 25.—Hundred of American business men who are in this city are unable to leave for home because of the lack of shipping and the interruption of traffic on the Trans-Andine Railway.

Heavy snows this week again stopped the rail train, which has been the connecting link between the points where the line is either blocked or swept away and which has provided the only means of egress from Buenos Aires to the United States.

Shipping lines operating to New York have long waiting lists and are not promising accommodations. European lines are sold out until November.

RUSH OF WAR BRIDES CONTINUES

French Girls Coming to America Keep Passport Staff Busy.

Correspondence of the Associated Press.

PARIS, June 16.—Passport officers at the American embassy are working night and day providing papers for the French brides of American soldiers who are about to leave for the United States.

Many of the brides are accompanied by khaki-clad husbands, some bring their mothers with them, and many are alone. In the daily queue at the embassy, French girls from nearly all the provinces. There are large girls and small girls, beautiful girls and plain girls, simple country girls, unassumingly gowned and girls in the rakish hats and short skirts of the Paris boulevards. Nearly all the brides speak some English, far more English usually than the French their husbands have acquired.

Bill for a "Fathers' Day"

Third Sunday in June Would Be Designated If Measure Passes.

By the Associated Press.

WASHINGTON, June 25.—The third Sunday in June would be set aside as "father's day" under a bill introduced yesterday by Representative Snell, Republican, New York. His measure would direct the President to request general observance of the day, with homes and public buildings displaying flags. The rose would be designated as father's flower.

Are you going to the Theater or Movies tonight? If so, see Page 3.

Hindenburg in Donated House.

HANOVER, June 25.—Friedrich Hindenburg arrived in Hanover in May and is making her home in the house donated by the people to Field Marshal Hindenburg. Marshal Hindenburg, who was reported several weeks ago to have made arrangements to retire from the command of German troops on the Eastern front, is expected in Hanover soon.

Special Cable to the Post-Dispatch.

WEIMAR, June 25.—When the old and dried peace vote was taken in the National Assembly Monday afternoon ushers passed around trays which looked like tall spittoons and were divided into two compartments: one red, one white.

Into these glorified spittoons the voters dropped vote cards, red for "no," white for "yes."

Three Jurors Absent.

Three of the 12 members of the present grand jury are out of the city, these being Thomas H. Garrett, Taylor I. Kelley and William Deichmann. The votes of nine members suffice for an indictment, but in important cases it is customary to try to get a full vote, furnishing transcripts of testimony to those who have missed hearing any part of it.

The witnesses exchanged banter as they waited outside the grand jury room. Brady asked Brooks if he had seen Webster lately, and Jackson remarked to Brady:

"Say, do you know it was just a year ago today that you met me in Milwaukee and told me that the United Railways was through with me?"

Richard McCulloch Goes to Join Family at Oconomowoc, Wis.

Richard McCulloch, president of the United Railways Co., who Monday resigned the position of manager of operation of the company's lines, entered a plea of not guilty to an information charging him with burglary and larceny, has gone to Oconomowoc, Wis., where his wife and children are spending the summer. They are at the summer home of Mrs. McCulloch's father, John I. Beggs.

McCulloch is expected to return for the preliminary hearing of his case in the Court of Criminal Correction, July 7.

POWERS APPROVE \$500,000,000 PRIORITY FOR THE BELGIANS

Also Agree to Wipe Out Belgian War Debt, Subject to Action of Legislative Bodies.

By the Associated Press. PARIS, June 25.—The council has signed a document giving formal approval to the plan to wipe out the amount of 2,500,000,000 francs (\$500,000,000). The council has confirmed the plan to wipe out the Belgian war debt through the substitution of German bonds for the Belgian obligations, the four great powers to take over the German bonds, subject to the approval of their respective legislative bodies. The bonds the powers propose to take over are of a special issue which the peace terms require Germany to make, to reimburse Belgium for all the sums she was obliged to borrow in consequence of the violation of the treaty of 1919.

CATHOLIC EDUCATORS TO ELECT NATIONAL OFFICERS TONIGHT

Many Church Organizations Are Represented in Session, Holding Sessions Here.

The election of officers of the Catholic Educational Association, a national-wide organization of teachers in Catholic parishes, schools, secondary schools and colleges, is scheduled for the evening session at the Cathedral School, Maryland and Newstead avenues, following a day of department meetings held at the Cathedral School and at St. Louis University. Besides the meetings of the department of colleges and secondary schools and the parish school and seminarian departments, a deaf-mute conference was held this morning. A conference of superiors of religious communities of women opened at Sacred Heart Academy, 1000 N. Taylor avenue. The principal address before this gathering was read by Dr. Edward A. Pace of the Catholic University of America, his subject being "More Thorough Preparation of Teachers for Our Schools and Academies."

Irish Republic Will Float Bond Issue, De Valera Says

Loan of 1,000,000 Pounds Sterling Being Negotiated—Representatives to Go to Peace Conference and League of Nations.

By the Associated Press. NEW YORK, June 25.—The Irish republic proposes to issue bonds to the amount of £1,000,000, President Eamon de Valera announced last night. The Minister of Finance is preparing a prospectus which will be issued soon, he added. Half the issue will be offered to the public for immediate subscriptions, £500,000 in Ireland and £500,000 abroad. The bonds will be of 100 pounds each, and will be offered to the public for immediate subscriptions, £500,000 in Ireland and £500,000 abroad.

De Valera visited Cardinal Gibbons last Friday. He told me that he had come to pay his respects, said Cardinal Gibbons, "and so we chatted for some time in a most pleasant manner. Not once did he touch upon the Irish situation and there was nothing in his visit to indicate that he had come to talk upon important matters."

ADMITS HE FED FAMILY CROW AND HORSE MEAT

Man Suing Mrs. Anna Sneed Cairns for Alienating Wife's Affections Calls It a Joke.

By the Associated Press. ST. LOUIS, June 25.—James A. Worthington of Koch Station, St. Louis County, being cross-examined today in his \$40,000 damage suit against his aunt, Mrs. Anna Sneed Cairns, president of Forest Park College, admitted that he once served a crow to his family as food. He said he did it as a joke.

Newbro's Herpicide
Hollywood, Calif. Sept. 26, 1918.
The Herpicide Co., Detroit, Mich.
Gentlemen:
After the use of a single bottle of your Herpicide, it was plainly noticeable that my hair had improved to a marked degree. In every possible way the health and vigor, and beautiful luster of my hair were improved to the extent that my friends commented on it. My observation of many artists on the stage and screen, particularly the stars in Paramount Pictures, has taught me the value of beautiful hair. This attribute no doubt aids in the securing of opportunities for many artists.
Cordially yours,
Lila Lee

Doctor Tells How to Detect Harmful Effects of Tobacco Try These SIMPLE TESTS

New York: Doctor Conroy, formerly of Johns Hopkins Hospital, says: "Many men who smoke, chew or sniff incessantly and who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been afflicted had it not been for the use of tobacco, and thousands would not get well if they would only stop using tobacco. The chief habit-forming principle of tobacco is nicotine, a deadly poison which, when absorbed by the system, slowly affects the nerves, membranes, glands and vital organs of the body. The harmful effect of tobacco is shown in dependence on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, intercostal neuralgia, even cancer of the tobacco habit. If you are a smoker, you can easily detect the harmful effects by making the following simple tests: Read aloud one full page from a book. If in the course of reading your voice becomes muffled, hoarse and husky, and you must frequently clear your throat, the chances are that your throat is affected. If you are a smoker, the beginning of more serious trouble, in the morning before taking your usual smoke, walk up three flights of

"BOHEMIAN GIRL'S" FINERY IS DRENCHED

Storm Sports With Gathering Through Five Scenes, Pounces in Sixth.

The elements, by way of another stroke at the municipal opera enterprise in Forest Park, decided to signalize the opening performance of "The Bohemian Girl" last night by putting on a rival production. The result was a show in the sky which for mystification of plot, artful maintenance of suspense and final decision of denouement was worthy of a subtle playwright. It succeeded in fascinating the audience even more than the play on the stage, agreeably as the latter was sung and handsomely as it was dressed.

Almost coincident with the opening of the mundane drama, that of the firmament raised the curtain with distant lightnings in the West. They grew nearer and more vivid in a steady crescendo, while upon the great stage of the heavens thronged a mob of sullen clouds. The orchestra of the winds, playing as yet upon muted instruments, sent a softly menacing overture muttering through the trees. The gathering of some 2500 persons watched these signs with the liveliest curiosity, and some scores of wisecracks tumbled for no further warnings, but departed at once. The temperature was oppressively sultry.

The tension of the two actions, below and aloft, tightened symmetrically, and it was in accordance with the classic principles of dramaturgy that the elements stirred up a climax at the middle of the opera, during the second scene of the second act. Gust after gust of chill wind smote the auditorium, lightning plunged almost overhead, and the chorus of trees shrieked their apprehensions. It appeared as if every blast must fling a sheet of rain into the theater.

Like Cat Playing With Mouse. The audience started to its feet in mass, and for a few moments stood on the edge of a stampede. But the storm, after this flash of claws, suddenly sheathed them. Not a drop of water fell. It seemed after all that the Aristophanes of the sky had been playing only a blustering comedy. Persons glanced sagaciously at one another, pluming themselves upon an infallible weather prophecy. They had declined to be frightened, and the storm had retreated. Another detachment, it is true, hastened off homeward, but for scores that took flight hundreds settled confidently in their seats.

Although the wind continued showering leaves down upon the stage, there was a lull until, in the final act, the entire company was gathered upon the stage. The setting was a masked ball at the castle of Count Arnheim, and all the performers were in their most festive array. In another quarter hour the opera would finish triumphantly. It was this moment of serenity on the part of both audience and troupe that the storm chose for pouncing down without warning on the theater with a mighty souse of rain. It was, with a vengeance, what playwrights call a "surprise." At one moment everyone was sitting dry and cheerful in summer finery; a few pulses later, drenched to the skin, they were racing wildly in every direction.

The rain at the theater was over in about 10 minutes, but it served. It left as angry a bevy of prima donnas as one could wish to meet, as they contemplated soaked robes of state and satin slippers caked with mire. Disconsolate musicians wiped the water from their instruments. The River des Peres seized the opportunity to exhale a barrage of characteristic fragrance. Thus ended the most malicious jest the weather has played upon open-air opera in St. Louis.

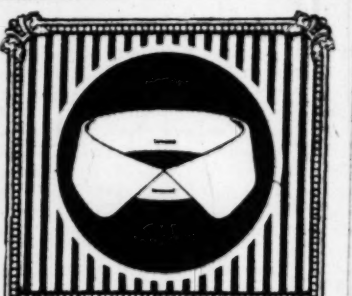

The singers as well as the audience could not help being somewhat distracted by the weather's melodrama; moreover, an opening performance is not always an adequate example by which to predict what later ones will be. Yet it is safe to say that the production of "The Bohemian Girl" promises at the best no one fine moment, like that of the second act in "Robin Hood." This is partly due to an apparently growing determination on the part of the scenographers to ignore the natural setting which is, after all, the theater's distinguishing asset. Even in the thoroughly outdoor scene of the gypsy camp the vista towards the back-scene bridge is cut off by an artificial barrier of rock. The most ambitious setting is that of a great hall with marble pillars, embodying the dream related in the chief part of the opera.

Among the principals, Miss Blanche Duffield distinguished herself in the part of Arline, her voice showing decided improvement. She sang "I Dream That I Dwell in Marble Halls" very prettily. Indeed, Stella de Mette was a robust terzagant as the gypsy queen, her best scene, at the end, was decapitated by the rain. Craig Campbell, as Thaddeus, sang pleasantly throughout, and his "There's a Little Remember Me" was acceptably done. Carl Gustav sang "The Heart Bowed Down" with more sentiment than voice. Charles Gallagher and Frank Moulin put considerable comedy into the roles of Devorah and Florentine. The chorus had some animated numbers, such as the gypsy song, and was picturesquely costumed. The work of the orchestra was a joy to hear.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

Children Cry For

Fletcher's CASTORIA

Mother and Doctor.

Baby's not well. Looks well but cries, and now what's the matter? Pins? No. Tight band? No. Seem to enjoy its breakfast this morning? Yes. What did the meal consist of? A cup of hot milk and I guess I gave her some of the rolls and bacon I had. Don't guess. If that was her breakfast send out for a bottle of Fletcher's Castoria, and after you give her a dose read carefully what a baby of her age should have for breakfast—you'll find it in the booklet around the bottle.

Too many young mothers are like this mother.

Caution. That's the word that should be hung in every home. Caution, Mothers, must be burned, burned deep in your mind if our little ones are to remain well.

At the first irregularity: at the first flush of fever give Fletcher's Castoria, then call in your physician—he will commend you. You will have done much to aid him.

390 ACCEPTED FOR ENROLLMENT IN 'FIRST MISSOURI'

Officers Hope City Will Be First to Complete Reorganization of an Overseas Regiment.

Reorganization of the old First Missouri Infantry, 139th Infantry, is well under way. Former regimental officers announced today. It is hoped that enough recruits to warrant mustering in of the regiment will be obtained by August 1st, when that St. Louis may be the first city in the United States to complete the reorganization of an overseas regiment.

Meetings are being held nightly this week at the Armory, Grand avenue and Market street, at which applicants are being examined and sworn in. Altogether more than 300 applications have been received and of this number 390 have been declared eligible for enlistment. Medical officers worked until late last night examining recruits for the Second Battalion. Some were disqualified because of physical deficiency, but the remainder listened to a short address by Maj. Norman B. Comfort and were sworn in. About 130 men were sworn into the First Battalion the preceding night. The men are former members of the 138th Infantry and Home Guard regiments, with a sprinkling of raw recruits.

Majors May Be Elected. The battalions are being assembled by Majors in the old First. They are: First Battalion, Maj. J. Frank Carmack; Second, Battalion, Maj. Norman B. Comfort; Third Battalion, Maj. Joseph J. Koch. Whether these officers will command the units once they are organized, is contingent upon their re-election. This will in all probability, take place except in the case of Maj. Carmack, whose wounds received overseas will most likely prevent him from assuming active command. Capt. Gunther Meier, who was wounded while commanding a battalion of the 138th in the Argonne, is being mentioned for his position.

The Majors have delegated the task of raising line companies to former company officers and active groups have been in the field for the past week for each of the 12 letter companies. The personnel of the officers organizing the companies is, of course, indicative of the tentative roster of company commanders. They are:

A Company, Lieut. Elsie McGinnis, formerly of the 138th Infantry.
B Company, Capt. C. S. Thornton, Adjutant Home Guard.
C Company, Capt. Charles E. Ellis, Home Guard.
D Company, Capt. Henry Roschkaulb, 138th Infantry.
E Company, Lieut. William S. Bryan, 138th Infantry.
F Company, Capt. Thomas B. Griffith, 110th Motor Supply Train.
G Company, Capt. George Kohlberg, 110th Motor Supply Train.
H Company, Capt. L. C. Kingsland, Home Guard.
I Company, Lieut. C. N. Morrison, First Missouri.
K Company, Lieut. Fred Zingro, Home Guard.
L Company, Ross Koen, 138th Infantry.

M. Company, Lieut. Hartman, McLaughlin and Koziatek, all of the 138th Infantry.
Medical officers assisting are: Capt. Roland S. Kietfer of the 138th Infantry; Dr. J. P. Brandenburger and Dr. Henry L. Rothman, who was assistant regimental surgeon of the 140th Infantry, and who was captured and later decorated for valor at Exetermont.

Total strength to be 1200 men. Headquarters, Supply and the Machine Gun Companies are being raised through the line companies. When fully organized, each company will number from 65 to 100 men, which will bring the total strength of the outfit to about 1200 men. Officers' meetings are being held Thursday night each week to perfect further plans for reorganization.

The advantages of "joining up" were outlined yesterday by Maj. Comfort for the benefit of youths who have a desire to become better acquainted with things military, and who desire to help themselves and their country.

It is pointed out that a summer encampment will be held each year at which full army pay will be granted during the two weeks the men are at camp. At other times men who attend drill one night weekly will receive 25 per cent of the army rate of pay, which will amount to \$7.50 a month for a private and runs up to \$500 yearly for a Captain or officer of higher rank. All equipment, uniforms and arms are furnished without charge to enlisted men.

Expenditure of \$15,000 in improving the Armory is planned. There is a swimming pool there. Billiard and pool tables and bowling alleys will be installed.

Officers hope to muster in a battalion within 10 days. Companies are mustered in individually as soon as they reach their complement of 65 men. So far one company has been mustered in. Adjutant-General Harvey C. Clark, who obtained Government authority to raise the regiment, will probably visit St. Louis with Federal inspectors at the time the unit is ready for the final muster.

A campaign of street car advertising is shortly to be launched, and the armored car, formerly purchased by the First Missouri Home Guard, will be utilized in a recruiting campaign. The reorganization has the indorsement of the Chamber of Commerce. A downtown recruiting office, at 315 Locust street, is open for applications daily from 10 a. m. to 8 p. m.

Danger Lurks In Summer Foods For Babies

EVERY mother knows the evil effects of summer heat on cow's milk. This danger is equally great to all foods unless carefully kept in a cool place away from insects.

Bad food loses its nourishing value. It causes constipation and diarrhea. These are at best always prevalent in the summer time. They depress the mind and weaken the body, and may cause more serious illness.

The first precaution is to see that the house is regular and normal. In the case of babies and children, if less than twice a day you may suspect constipation; if more than three times a day, diarrhea. A remedy is then

needed that will regulate and tone the bowels, and you will find none safer and better than Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that millions of mothers constantly have in the house for just such purposes.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size. A free trial bottle can be had by sending your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

For Sunday Morning Breakfasts

Jim says that Sunday is the only day he has time to enjoy his breakfast, so I always try to give him something worth enjoying. Sometimes it's a cup of coffee with a sprinkling of Al Sauce, but what he likes even better than that is the feathery kind of ham-omelet I know how to make.

I mix half a cup of stale bread crumbs with half a cup of hot milk, a tablespoonful of butter, and a little salt and pepper, and let the mixture stand for five minutes. Then I add the beaten yolks of three eggs, half a cup of finely chopped ham, and fold in the whites of the eggs beaten stiff. Just before I pour it into the pan I add a dash of Al Sauce—and there's the omelet. It makes the most ordinary omelet taste like a dish to set before a king. Ask Jim.—ADV.

LABOR CONSIDERS USING POWER FOR POLITICAL ENDS

British Conference Takes Up Matter of Enforcing Demands on Government by Strikes.

By the Associated Press.

SOUTHPORT, England, June 25.

The main interest in the nineteenth annual conference of the Labor party, which opened in Southport today, lies in the question of using industrial action to secure political aims. An influential section of the leaders of the triple alliance of miners, railway men and transport workers has long been in favor of exercising the power of the alliance to compel compliance with the demands for the abolition of conscription, the withdrawal of troops from Russia, the release of conscientious objectors, and other objects sought.

The action taken by the executive council of the triple alliance last night in deciding to convene a special conference in London July 23 to consider what action should be taken to compel the Government to comply with the three principal demands mentioned, was a step independent of today's conference.

The far-reaching importance of any decision placing in the hands of the industrial unions the power to enforce political demands by means of strikes, is recognized by the executive committee of the labor conference which in a report to be presented today expresses the view that if labor is to institute such a precedent in British industrial history it is imperative that the trade unions realize the responsibility which such a movement entails and should themselves determine the ground plan of the new campaign.

Busch, president of the Anheuser-Busch Brewing Association, yesterday registered with the Secretary of State the label for a soft drink to be known as "Kicko," which he is preparing to put on the market. The label carries a picture of a man riding a kicking mule and a line on it describes the beverage as "a drink with the right kick."

Busch as president of the Revo Packing Co., also filed a label to be used on a brand of liver sausage which the company will sell.

TRAIN RUNS WITHOUT ENGINEER

Goes Five Miles After Man Falls From Cab.

By the Associated Press.

LINCOLN, Neb., June 25.—Bur-

lington passenger train No. 6, from Lincoln to Chicago, ran five miles without an engineer yesterday when Engineer James Edgar Johnson of Lincoln fell from the cab a mile east of Waverly after being hit by a mail crane. The train ran from Waverly to Greenwood before the engineer was missed. Fireman Karl J. Zimmerman stopped the train at Greenwood and ran the engine back to Waverly. There the engineer was found dead beside the tracks.

Zimmerman declares that Johnson left his seat and stood on the gangway between the engine and the tender.

BANK ROBBER GUILTY OF MURDER

Slayer of Two in Brooklyn Holdup Convicted After Brief Trial.

By the Associated Press.

NEW YORK, June 25.—Gordon

Tavcott Hamby, alias Jay B. Allen, confessed slayer of two employees of the East Brooklyn Savings Bank in a holdup last December, was convicted of murder in the first degree by a jury in Brooklyn yesterday, following a trial lasting two days. Death by electrocution is the arbitrary penalty for first-degree murder in New York State.

Extraordinary precautions have been taken by the jail officials to prevent the convicted man from escaping. Hamby during the trial offered no defense and requested a lawyer not to cross-examine witnesses or to make a summing-up speech.

WOMAN REVEALS MISSING WATCH

Leads Police to Hiding Place When Accused of Theft.

Mrs. Renie Erbe, 25 years old,

5213 Vermont avenue, led policemen to a walk in the yard at the rear of her home yesterday and, lifting a brick, disclosed a wrist watch hidden underneath. The watch was the property of Mrs. Ethel Nolte, 3140 Miami street.

Mrs. Nolte had complained to

lice that Mrs. Erbe had disappeared Sunday from her home, where she had been employed for six weeks. The watch disappeared at the same time.

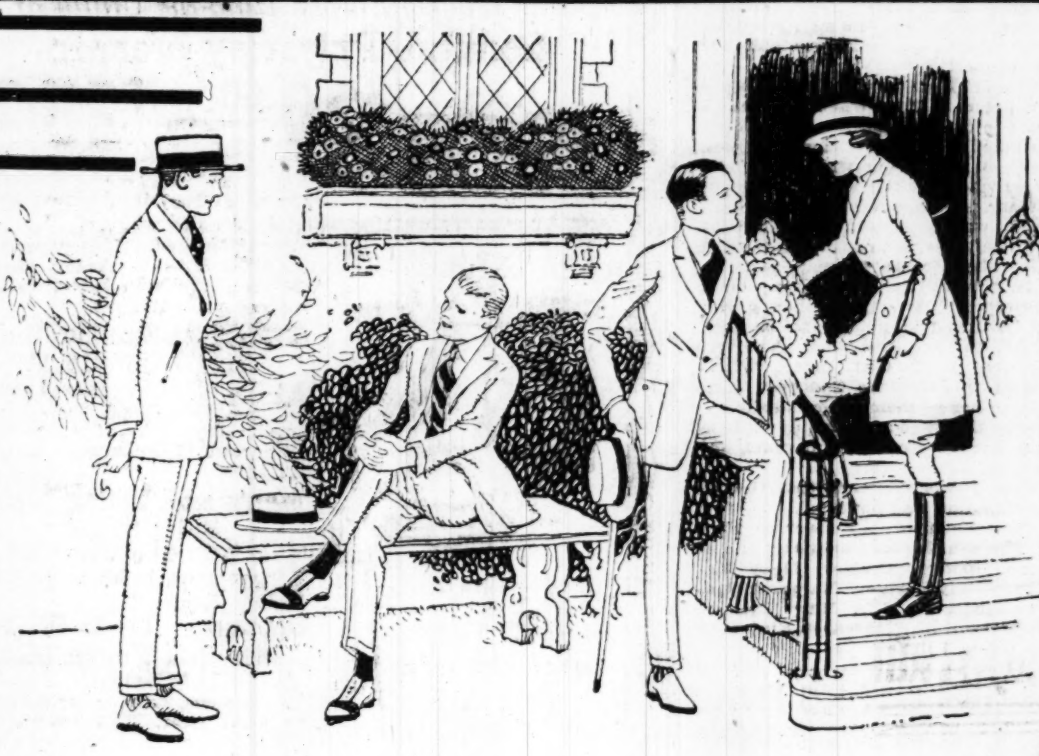

Police arrested Mrs. Erbe and she showed them where she had hidden the watch. She told police she wanted to wear it on Sunday and had intended returning it, but became frightened later and did not go back to the Nolte home. A warrant was issued.

LEAGUE CRITICISES DAVES FOR CONSENTING TO 6-CENT FARE

Letter Says It Is Ready to Help Show
Profit Can Be Made on Five-
Cent Charge.

The Executive Committee of the
Citizens' Referendum League,
through its chairman, Charles Lis-
cher, yesterday issued a statement in
reply to a letter from City Counselor
Daves in which he explained his at-
titude on the street car fare question.
In its statement the committee
says Daves "should never at any time,
have consented to a violation of the
city's contract with the United Rail-
ways Co., which provides for a 5-cent
fare on all lines within the corpo-
rate limits of the city," and expresses
the opinion that "it was the duty of
the City Counselor to carry the fare
increase fight to the highest court
in the land."

The statement tells of a visit of
the committee of the league to Receiver
Wells, Monday afternoon, and says
he told the committee he had re-
quested the Public Service Commis-
sion to continue the 6-cent fare in
force.

The Citizens' Referendum League,
the statement says, is prepared to co-
operate with the City Counselor and
the receiver in establishing that the
United Railways lines can be oper-
ated at a profit on the actual cap-
ital invested with a maximum charge
of 5 cents, as provided by the fran-
chise ordinance, and still leave
enough to warrant substantial wage
increases.

BREWERY INJUNCTION HEARING IS CANCELED BY AGREEMENT

St. Louis Association and Independ-
ents to Await Decision in
New York Case.

It was agreed between Govern-
ment officials and attorneys for the
St. Louis Brewing Association and
the Independent Breweries Co. today
that there will be no hearing of the
injunction suit brought here to pre-
vent the District Attorney and the
Internal Revenue Collector from en-
forcing the wartime prohibition reg-
ulation as to 2.75 per cent beer.
District Attorney Henry yesterday
had a long-distance telephone
conversation with Judge Kimbrough
Stone of Kansas City, who had been
appointed to pass on the injunction.
Judge Stone said no purpose could
be served by having a hearing while
a similar case is pending in the New
York Court of Appeals with a pros-
pect of being carried to the United
States Supreme Court, whose deci-
sion will be binding.

MOTORMAN CRUSHED BETWEEN TWO CARS AT MERAMEC LOOP

Mistake in Setting Controller on An-
other Trolley Costs Life of
Street Railway Employee.

Frank Flanagan, 39 years old, 1320
Childress avenue, a motorman on the
Manchester-Meramec car line, lost
his life in a peculiar accident at 12:30
a. m. today. He was cleaning the
headlight on his car at the Meramec
Highlands loop when another car, in
charge of Motorman Pero Barrie,
6908 Magnolia avenue, backed up in
front of Flanagan's car.

There was only a foot's space be-
tween the cars and when Barrie
stopped he left his controller at the
first reverse notch instead of at neu-
tral. He got off the car for a drink
of water and when he again started
the car it backed up instead of go-
ing ahead.

Flanagan was crushed between the
two cars. He died in an ambulance.
He was married and had five chil-
dren.

SWIMMER DROWNS IN MERAMEC; TWO FRIENDS TRY TO SAVE HIM

Edward F. Nolte Had Gone to River
With Companions for Week's
Outing.

Edward F. Nolte Jr., 24 years old,
4955 Terry avenue, a draftsman, was
drowned while swimming in the
Meramec River, six miles west of
Valley Park, at 4 p. m. yesterday.
He and two companions, Clarence
Hoppe, 4451 Greer avenue, and F. H.
Quigley, 4527 Labadie avenue, had
gone to the river earlier in the after-
noon to spend a week. From Valley
Park they paddled in a canoe to
Sherman, where they pitched camp.
Nolte went in swimming and when in
the middle of the river was caught in
the current and became exhausted.
Hoppe and Quigley went to his as-
sistance. They were dragged under
water several times by Nolte but
were unable to save him. His body
was recovered last night and an in-
quest was held by the coroner.

Nolte was the son of Edward F.
Nolte, an architect. He was employed
by the Pillsbury-Decker Engineering
& Supply Co.

ACQUITTED OF FELONY CHARGE

Charles Horn Was Accused of Leav-
ing Scene of Auto Accident.

A verdict in Judge Garesche's
court yesterday acquitted Charles P.
Horn, proprietor of an electric auto-
mobile repairing company at 1422
North King's highway, who was
charged with feloniously leaving the
scene of an accident. Horn was ac-
cused through the taking of the
license number of his automobile
when it struck Leo Dreyfus, at Fif-
teenth and Olive streets, at 5:30 p.
m. on Feb. 13.

Horn proved that he could not
have been in possession of his car
at that hour, as it was in a repair
shop and not delivered to him until
two hours after the accident. He
assumed that some one in the shop
had taken his car out without his
knowledge.

During the first five months of
1919, the Post-Dispatch printed 36,556
For Sale "Wants"—15,362 more than
the FOUR other St. Louis newspapers
combined.

Acid-Stomach Now Quickly Relieved

Those painful attacks of indiges-
tion, heart-burn, belching, disgusting
food-repeating; that puffy bloated,
lumpy feeling after eating, dys-
pepsia and stomach miseries—all
point to just one awful American
disease—commonly known as ACID-
STOMACH.

Fortunately there has been discov-
ered a wonderful modern remedy—
called EATONIC—that brings instant
relief from all these stomach miseries
because it absorbs the harmful excess
acid in the stomach and drives out the
blast and gas. You won't know you
have a stomach, so free of pain you'll
feel. Besides, it saves you from more
serious ailments because it is a scien-
tific fact that ACID-STOMACH fre-
quently creates conditions which baffle
the best medical skill. Many cases of
chronic stomach trouble, biliousness,
severe headache, general weakness,
rheumatism, gout, lumbago, intestinal
ulcer, cancer of the stomach, heart

pains and even heart failure can be
traced directly to Acid-Stomach.

Avoid these dangers—don't let acid-
stomach wreck your health. Don't
drag out your days feeling all in, down
and out, weak and ailing. Keep the
vital spark flashing. Eat the things
you like and digest your food in com-
fort. Then you'll feel fine—be fit—
mentally alert—have pep and punch
—the power and will to do things.

Take EATONIC and give your
stomach the help to put it in a fine,
healthy condition so that it will digest
your food perfectly and make every
mouthful you eat register 100% in en-
riching your blood and building up
your bodily strength.

Get a big box of EATONIC TAB-
LETS from your druggist today. They
taste good—just like a bit of candy.
The cost is trifling. It is absolutely
guaranteed. If it fails to relieve your
stomach misery, your druggist will
refund your money.

WINNIPEG STRIKE OFF AFTER 6 WEEKS

Sympathetic Walkout That Tied
Up Canadian City Is Ended
by Committee Order.

By the Associated Press.
WINNIPEG, June 25.—After nearly six weeks of industrial strife, Winnipeg's general sympathetic strike has been called off. Shortly before midnight last night the Central Strike Committee came to an agreement to order all men back to work Thursday at 11 a. m., exactly six weeks from the time it was called.

It is understood that the calling off of the strike is unconditional. Conferences of labor leaders yesterday with Premier Norris of Manitoba and other provincial officials failed to obtain any concessions, but it was indicated that a commission of investigation would be appointed after the strike was called off.

The general strike here was called May 15 in sympathy with metal workers, who had been on strike for several weeks to obtain collective bargaining and recognition of the Metal Trades Council.

Practically every public and private industry was tied up in the first walkout. Want stared Winnipeg citizens in the face for many days, when stores were closed for lack of clerks, and milk, bread and other necessities were almost unobtainable. Food depots were established by the city after the first few days and were operated intermittently until a few days ago.

The strikes in Edmonton and Calgary, called in sympathy with the Winnipeg strike, were called off last night.

COMMERCIAL CLUBS TOLD C. OF C. WILL TAKE UP FUND PLEDGE

I. R. Kelso So Tells Federation When Alleged Business Men's League Promise Is Mentioned.

JEFFERSON CITY, June 25.—A prospective row in the annual meeting of the Federated Commercial Clubs of the State over the alleged unpaid pledge of the Business Men's League of St. Louis to contribute \$150,000 to the federation, was smoothed over today, when I. R. Kelso announced that the Chamber of Commerce, successor to the Business Men's League, had agreed to take up the matter at its next regular meeting. Kelso is a member of the Chamber of Commerce and vice president of the federation.

The attendance was surprisingly small at the opening session today, only 48 being present, but W. H. Stubblefield, chairman of the meeting, predicted more persons would come in on later trains.

S. A. Baker, State Superintendent of Schools, declared that although Missouri has been advertised as standing thirty-second, it really ranks among the first one-third in the elimination of illiteracy. Baker cited the census reports showing Missouri has reduced the percentage of illiteracy from 3.1 per cent in 1890 to 4.3 per cent in 1910.

FIREWORKS FOR CAMP FUNSTON

Adjutant in City Preparing Celebration of Fourth.

Maj. H. A. Kroner, Adjutant at Camp Funston, Kan., is in St. Louis today purchasing prizes and quantities of fireworks to be used in the Fourth of July celebration at the camp, where 1500 soldiers and 2000 civilian employees now are stationed.

The celebration will serve as a return welcome to the Seventh Division, which is coming to the post as its temporary station, according to Maj. Kroner. Brigadier-General William H. Sage, who is the commanding officer at the camp, devised the program as a means of keeping up the morale of soldiers and civilian employees.

An athletic program, with such events as wall scaling, shooting expeditions and so, will be given. Townspeople from Manhattan and Junction City, Kan., will attend.

The camp is at present summer headquarters for the Reserve Officers' Training Corps and 800 youths from Missouri, Kansas, Oklahoma, Illinois and Minnesota are taking training.

Ford, A. F. Casard, James K. Crain, E. D. Bricker and D. M. King; Lieutenant-Colonels Hugh W. Ogden, J. R. Babson, A. S. Peck, W. L. Culbertson, H. J. Maloney and Maj. Percival Manchester.

Fined For Hitting Horse.

When Joe Venturella, a fruit peddler, stopped his wagon yesterday morning and went into a grocery store at Compton avenue and Morgan street, a horse belonging to Jesse Barker, 1519 Webster avenue, walked up to the rear of Joe's wagon and began to partake of a stalk of bananas. Venturella ran from the store and threw a hammer at the horse, striking it on the head. This morning Judge Mix fined him \$20. Venturella said the hammer accidentally "flew" out of his hand.

Nature and Scope of the New

First Regiment of Infantry National Guard of Missouri

To crystallize in the organization, the military endeavor of the young manhood of St. Louis, commencing at the age of 18.

To shape and train these young men in the arts of the soldier; discipline, drill, command, knowledge of shooting, swimming, and minor tactics in the field.

To instill in the mind of the individual, the obligation to train for service of the city, state and nation, and in time of emergency, to preserve peace against all comers.

This is the scope of our new Regiment.

The National Guard, unlike the Prussian military machine, is democratic. It develops initiative in that the officers all come from the ranks. Promotion comes first by election (the consent of the governed) then, qualification is by examination, assuring the ability of the elected to command.

Veterans, business men and students gather here, representing the widest fields of diversified endeavor, in a weekly open forum. The coming organization should be the greatest force for progress in St. Louis.

Will your family be represented? Will your personality be felt? Will your war traditions be incorporated?

The formation is young and opportunities for promotion and leadership are plentiful for those with military experience and those without.

The federal and state governments furnish all equipment and meet all expenses. Each member draws 25% of army pay the year round.

Will you be a citizen soldier? Now is the time to decide. A man enrolled today is worth two a month hence, in the upbuilding of the Regiment.

Choose your night and report to the Armory for duty.

Monday Nights: Companies A, B, C and D.

Tuesday Nights: Companies E, F, G and H.

Wednesday Nights: Companies I, K, L and M.

Thursday Nights: Headquarters, Supply and Machine Gun Co's.

GERMAN LANGUAGE RULES IN BELGRADE

Serbia Is Flooded With Cheap
Goods Bearing Inscription
"Made in Austria."

BELGRADE, May 10 (by mail).—
The German and Austrian peaceful
infiltration of Serbia has begun. The
hotels of this city harbor guests
whose identity is revealed by their
heavy Teutonic cast of features. They
talk in German and laugh loudly
over their beer. Indeed if one does
not speak German in Belgrade one
sometimes finds himself misunder-
stood. The waiters do not know En-
glish or French in the majority of
cases.

"My friends in Basle told me I
would be mobbed in Belgrade if I
spoke German there," declared a
self-styled Swiss salesman. "How-
ever, I found that when I spoke Ital-
ian I was treated with disrespect,
that when I spoke French I was ig-
nored and that when I spoke En-
glish I was smilingly told, in German,
that I could be best served by speak-
ing the tongue I know best."

Serbia from one end of the coun-
try to the other has been flooded
with cheap Austrian and German
goods. How they got in one cannot
learn, but every shop window in the
villages from Uskub to Semendria
contains cheap mirrors, toilet ar-
ticles, knives and gimcracks of every
description "Made in Austria." Many
of the articles are backed with col-
ored pictures under celluloid of the
former Austrian and German Em-
perors in all their regalia. There
seems to be little prejudice against
German and Austrian goods among
the peasants and village dwellers of
Serbia.

Hate for Bulgaria.
The Serbian hates the Bulgarian
as venomously as ever, but he does
not sing a morning hymn of hate
against Germany or Austria. The
country is flooded with pictures of
atrocities committed by Bulgarians
upon Serbians. The former Emper-
or Charles' picture still adorns the
local police headquarters.

In Belgrade there is bitterness
against the Austrians, especially
among the better class of people
whose homes were systematically de-
spolled by Austrian officers, who
shipped 60 trains of household goods
from Belgrade across the Danube
into Austria. Each train was com-
posed of approximately 30 cars.
Three hundred pianos were includ-
ed in the loot. Belgrade and North-
ern Serbia are flooded with the de-
preciated Austrian currency, in fact
there apparently is more Austrian
money in circulation than Serbian.

Red Cross Employs Prisoners.
The American Red Cross employs
a number of German prisoners in
transporting its supplies. They are
better clothed than many Serb sol-
diers and go about the streets laugh-
ing and joking in general quite
at home.

The American Red Cross has for
its warehouse the Palace Hotel,
which, just finished before the war,
was intended to be the best hotel in
Belgrade. When the Austrians en-
tered the town, however, they delib-
erately smashed the plate-glass mir-
rors, marble wainscoting and stabled
their horses in the drawing room
and dining saloon. The woodwork
was torn out for firewood and the
mahogany furniture wantonly
hacked with axes.

Maj. G. H. Edwards of Orlando,
Fla., who has been in charge of the
American Red Cross work in North-
ern Serbia, distributed help to local
orphans and hospitals, started
workrooms for needy women, gave
out supplies to hospitals and has
equipped medical staffs which travel
through Northern Serbia.

5 PERSONS INJURED IN AUTO
ACCIDENTS; 3 DRIVERS HELD

Man Swerves Car to Avoid Children
and Crashes Into Motor Cycle
Being Repaired in Park.

Three persons were injured seri-
ously at 8 o'clock last night when
Earl Stauffer, a soapmaker, 3217
Greer avenue, swerved his automo-
bile in avoiding some children and
crashed into a motor cycle being re-
paired at the side of the road on the
North Drive near Warne avenue, in
Fairground Park.

Glenn Fleming, 3 years old, 2201
College avenue, who was sitting on
the grass watching the motor cycle
being repaired, was struck by the
machine. He suffered concussion of
the brain and scalp wounds. He
was taken to Mullanphy Hospital,
where his condition was said to be
critical.

Ralph Lucas, 19, 8146 Church
road, and Mrs. Mabel Adams, 29,
1213 South Sixth street, who were
replacing a tire on the motor cycle,
were knocked down. Lucas suffered
injuries to the spine. Mrs. Adams'
neck was injured. Stauffer was
charged with careless driving.

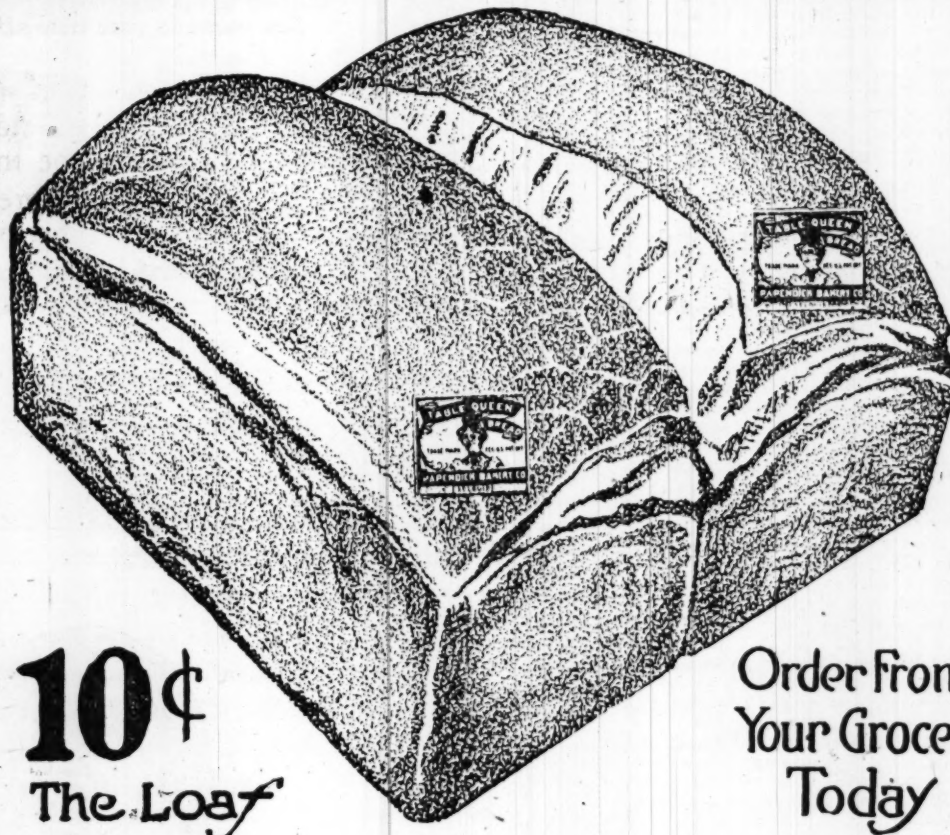

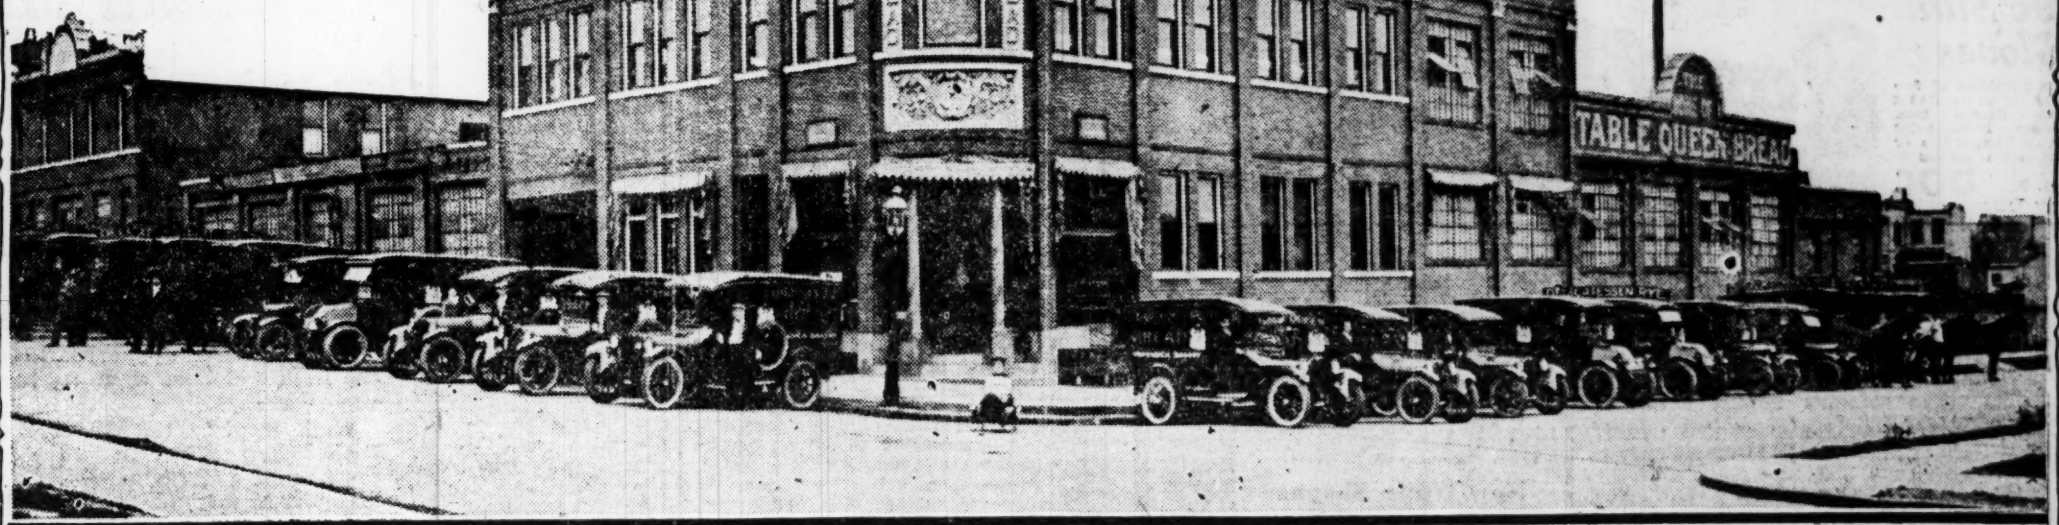

While running in the street to re-
trieve a baseball, Albert Lane, 7
years old, 2604 Chouteau avenue,
was seriously injured by an automo-
bile truck driven by Eugene McCaf-
tery, 3533 Lindell avenue, on Jef-
ferson avenue near La Salle street,
in the afternoon. His skull was
fractured. McCaffery when arrested
said the boy ran directly in the path
of the machine.

Nimrod Richter Jr., 5 years old,
3892 Delmar boulevard, suffered a
fractured right leg when struck by
an automobile driven by Eugene
Seltzer, 10 Lewis place, as he ran
across the street in front of 3875 Del-
mar boulevard. Seltzer was arrested.

WOMAN'S NINE PLAYS BASEBALL AT COBLENZ

Soldier Opponents of "Y" Team
Wear Skirts; the Greased Pig at the Party.

Special Cable to the Post-Dispatch.
COBLENZ, Germany, June 24.—A woman's baseball team is touring the first division area and arousing the wildest enthusiasm wherever it crosses bats with regimental nines. According to Bill Lange of Chicago, who was a ballplayer of considerable prominence in his day, this team ranks higher socially than it does in batting and fielding percentages. Among the men it is about equal to the most popular touring aggregation of the expedition. Every game is a riot.

Miss Gertrude Ely of Philadelphia, sister of Mrs. George F. Ely of New York City, is captain and organizer of the team. The players were drafted from the Y. M. C. A. workers of the First Division, despite their evident reluctance. Capt. Ely being a determined individual who invariably overrules all objections.

"But, Gertrude, we never did anything like that," was their protest. However, they forgot their stage-fright in the excitement of the game. The lineup of the team is as follows: Cornelia Landon, New York City, catcher; Frances Hall, Colorado Springs, Colo., pitcher; Elizabeth Cleveland, New York City, first base; Gladys Feebles, New York City, second base; Capt. Ely, third base; Edith Morgan, New York City, shortstop; Frances Gulek, Portland, Me., right field; Kathleen Westbrook, Harrisburg, Pa., center field; Theresa Cogswell, Pomona, Cal., left field; substitutes, Blanche Morrell, New York City; Susie Westbrook, Harrisburg, Pa.; Hope Butler, New York City.

During the last game against the second battalion of the Eighteenth Infantry, Brigadier-General Frank Parker, commanding the first brigade, volunteered to act as umpire. It takes a courageous General to umpire a baseball game with several thousand enlisted men, not to mention officers, availing themselves of the opportunity "to rag" the umpire from the ambush of the bleachers. "It is the opinion of the bleachers who 'rag' the umpire to their heart's content that Gen. Parker is correct militarily but a bum umpire."

"He's out, umpire," he's out!" screamed Capt. Ely when a man slid to third.

"I didn't see it; he's safe," announced the umpire, with all the dignity of a courageous Brigadier-General. At every close decision after that the bleachers chanted, "I didn't see it; he's safe."

The only game the "Y" nine lost was to the Third Battalion of the Eighteenth Infantry. The score was 27 to 20. Capt. Ely protested the game because a runner on second base came home after Theresa Cogswell caught the ball in her skirt and, putting out the batter, was unable to untangle the sphere in time to throw it to the catcher. This run tied the score in the ninth and the men made seven runs in the extra inning.

Ground rules require the men to bat to the field with the left hand only, and also to wear skirts. The girls attempted to play a trick on one nine by providing the men with sheath knives so that they would be unable to run. The men, however, appeared on the field equipped with German skirts of ample proportions.

The latest challenge came from the Second Machine Gun Battalion, which, after canvassing the entire battalion, found nine natural left-handers. The challenge has not been accepted.

Tragic for the Pig.
Groteously tragic were the consequences attending a "four strikers" party which Capt. Ely gave to several hundred men of the battalion who had seen two years of service in France. Each man was presented with a pocketbook ornamented with four gilt chevrons on the flap. At a rack of squarehead dolls each soldier knocking down a baby was given a cigar. Another contest, greased pole climbing, was a success that a greased pig race suggested. The only porker in the village of Freylingen was owned by the burgomaster, who protested vigorously against having the pig play a stellar role in such an affair.

Capt. Ely, however, overruled him on the grounds of military necessity, and requisitioned the pig, which was plentifully coated with V. M. C. A. lard, intended for frying doughnuts.

After soothing the porker's fluttering heart with dishes of ice cream, the men prodded him into action with short sticks and the race was on. After the pig had made seven circuits of the field and eluded all pursuers a man plentifully sprinkled with sand managed to stick on his back and both rolled down the hill together, ending the race.

The pig, breathing heavily, was rescued and died the next day. The burgomaster now claims 1000 marks (\$250) for the village's only pig, alleging that it died of apoplexy as a result of unusual excitement. "I guess I'll have to forego my new dress this summer," said Miss Ely. (Copyright, 1919, by the Chicago Daily News.)

Have him wear cool silk shirts all summer long

How to launder them beautifully, easily—yourself!

WHO thinks of sending men's silk shirts to the laundry nowadays? To have them come back faded, pulled out of shape, the lustre of the silk half gone! There's a better way—and much less expensive! Just whip up some delicate Lux suds and plunge in the silk shirts. No need to have a great many, for you can have one fresh and clean again for him the very same day!

Wash them in the rich Lux suds, repeatedly. The delicate Lux lather cannot wear away the fabric. They will look just as soft and fine and silky, fit just as comfortably at the end of the summer as the first time he put them on. Lux comes in pure transparent flakes

that dissolve instantly in hot water and whisk up into a wonderful lather.

Your grocer, druggist or department store has Lux. Lever Bros. Co., Cambridge, Mass.

Lux will not harm any material that pure water alone won't injure.

To wash men's silk shirts

Use one tablespoonful of Lux to a gallon of water. Dissolve in boiling or very hot water, whisk up into a thick lather and add cold water to make the suds lukewarm. Put the garment in, work it up and down, and squeeze the suds through it. Do not rub. Rinse three times in water the same temperature as the water in which you washed it. Roll in a towel to dry. While still damp, press with a warm iron, on a well-padded board. Pounce should be ironed when entirely dry.

No suds so wonderful as Lux for all fine laundering

A comfortable, clean shave every day —not once in a while only

FEW DROPS AND A CORN LIFTS OUT

Says there is no excuse for cutting corns and inviting lockjaw.

Sore corns, hard corns, soft corns or any kind of a corn can harmlessly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This simple drug, while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

"This announcement" will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.—ADV.

SUSPECT TAKEN IN GROLLNEK ROBBERY MAY BE RELEASED

Woman Refuses to Prosecute and Charges Likely Will Be Dropped, Chief of Detectives Says.

William Doering, 31 years old, a former convict, who was arrested June 6, the day after Mr. and Mrs. Louis A. Grollnek, 5568 Waterman avenue, were robbed in front of their home by highwaymen of diamonds at \$4070, and who was said by Chief of Detectives Hannegan to have been identified by Mrs. Grollnek as one of the robbers, will appear in Judge Krueger's Court tomorrow on the return of his bond, under which he has been at liberty. Chief Hannegan said Doering likely would be released, as Mrs. Grollnek now refuses to prosecute.

Grollnek said his wife was hysterical when Doering was brought before her for identification, and that she could not have identified him as one of the robbers because their heads and faces were concealed with stocking caps, in which holes had been cut for the eyes. A man's hat was found where the robbery took place and it was identified by police as Doering's. The latter was arrested on this circumstance.

Mr. and Mrs. Grollnek dined at the Missouri Athletic Association the night of the robbery, where Mrs. Grollnek wore her jewels. On the way home she concealed the gems about her person and in her purse.

The robbers found them without asking where they were concealed. Grollnek, as was told exclusively in yesterday's Post-Dispatch appeared before the House Committee of the Club and related that a guest of a member of the club, after being introduced to him and Mrs. Grollnek, had questioned Mrs. Grollnek closely about her diamonds at the club a few hours before the robbery.

THREE ALIENS WHO DIDN'T WANT TO FIGHT DENIED FIRST PAPERS

Two Austrians and Italian Got Draft Exemption, but Now Deside U. S. Citizenship.

Applications of three employees of the Laclede Gas Light Co., two Austrians and an Italian, for first papers of citizenship, were denied today by the Chief Naturalization Examiner because they had claimed exemption from the selective army draft.

Clem Marin, 1926, South Ninth street, a repairer at the Second and Rutger streets plant, admitted having told draft officials that he would not fight for the United States or any other country, and that he intended to return to Austria. He said that he only desired to become an American citizen because he believed it would help him in his employment.

Louis Modrich, 2802½ Chouteau avenue, a laborer at the Gravois and California avenues plant, who came to the United States in 1901, admitted that he had claimed exemption from the army draft as an alien.

Salvatore Lopico, 708 Biddle street, also known as Sam Pic, said that he had been in this country seven years, and had been told by his boss that he had better take out citizenship papers. He said that he was placed in Class 5-E of the draft because he had three brothers fighting with the Italian army. He said that he intended to return to Italy as soon as he had earned enough money.

KANSAS WANTS 3000 MORE HARVEST HANDS FROM ST. LOUIS

Enrollment of 500 a Day Called for by Productions Bureau Manager.

Kansas has sent an appeal to St. Louis for 300 men a day for the next 10 days to help harvest what is expected to be the largest wheat crop ever raised in that State. Carl Baer, manager of the Production Bureau of the Chamber of Commerce, who is in charge of raising the 12,000 quota assigned to the St. Louis industrial district, says that approximately 3000 more men are needed.

All men who have registered at the Production Bureau's headquarters for service in the harvest fields are requested by Baer to report at the same place today and receive their assignment cards, which will designate where and to whom to apply for work. Returned soldiers who have registered at the Soldiers' and Sailors' and Marines Demobilization Bureau, 905 Locust street, for harvest work are also requested to report there today for their assignment cards.

All high school and college students who have enrolled at the Production Bureau's headquarters are requested to report there today, as there has been a request made by the majority of these men that they leave St. Louis in a body.

A special train bearing 1500 harvest hands will depart from St. Louis next Friday. They will go to Larned, Kan., where they will be distributed to the various fields in the State.

AUTO THIEF GIVEN TWO YEARS

John Moore Found Guilty on One Charge After Another.

John Moore, alias John White, 35 years old, of 2125 Pine street, was found guilty of grand larceny by a jury in Circuit Judge Calhoun's Court yesterday and was sentenced to two years in the penitentiary. Meanwhile he is awaiting trial next Friday on a similar charge for a different offense.

On May 2 Moore stole an auto truck belonging to August Meier, a grocer, of 2509 Salisbury street, while Meier was making a delivery at Twenty-second street and Washington avenue. Twelve days later, while riding a motor cycle he is alleged to have stolen Moore was arrested. He had tried to sell both vehicles.

His conviction yesterday was for the theft of Meier's automobile, and the trial Friday will be on the charge of stealing the motor cycle.

How to Reduce Your Weight

Simple Method That Enabled Me to Reduce My Weight 15 Lbs. in 20 Days

"I was about 20 pounds overweight and gaining rapidly when I decided to reduce. After investigating I found what I believed to be the safest and most reliable way to do this. It was so easy and simple it was just like play. Each morning I would stand in an open window and take as deep a breath as I could, hold it and count up to 10, then expire it slowly, repeating this simple operation several times. I went down to the drug store and got a little phyt-nola, which is said to be valuable in the treatment of obesity, stimulating the liver, giving tone to the heart and absorbing fatty tissue. I took a few gains of phyt-nola after meals and at bedtime.

The effect of this treatment was almost magical. I ate everything I wanted, but each day I weighed myself I saw an improvement, and in 20 days time I had lost over 15 pounds. I felt better than I had for months. My skin was firm and smooth and glowed with the brightness of health. It is now six months since I used this method, and my weight is still normal, with no indication of gaining.

I can honestly recommend this simple method to any fat woman or man who wants to reduce safely and without the use of tiresome exercises, appliances or dieting. It is not expensive, and the results are most pleasing. Enderle Drug Co., Judge & Dolph, Wolff-Wilson, Ketter Drug Co. and A. E. Medler can supply you with the genuine phyt-nola at a small cost.—H. Carnation for the Children

Carnation is a pure, healthful drink for children because it is only fresh, sweet cows' milk with part of the water in the milk evaporated. It is sealed in the containers and sterilized—no impurities can possibly reach it. To prepare Carnation for drinking, it should be diluted with pure water to the consistency of ordinary milk. Equal parts of Carnation and water make a rich, wholesome drink. If you prefer it not so rich, use two parts Carnation to three parts water. All children should have a quart of milk a day.

THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Nitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as Nitro-phosphate, which is expensive and is sold by Judge & Delph, Endicott Drug Stores, Johnson Bros. Drug Co., Wolf-Wilson Drug Co., in St. Louis, and most all druggists, under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, Nitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear. Dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health.

CAUTION—Although Nitro-phosphate is unexcelled for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.—ADV.

GERMAN FINANCIER SCRUBS FLOORS FOR U. S.

Trevés Cashier Wrote Letter About "Rude Yankees"—Now He Carries Swill.

Special to the Post-Dispatch.
TREVES, Germany, May 14.—Outside the headquarters of the American Provost Marshal in this city observant persons will notice a small, weakened, elderly German engaged in some such unsavory task as washing the front steps and sidewalk, carrying swill buckets or shoveling coal into the cellar. This individual is the cashier of one of the big Treves banks. He doesn't labor for his country's enemies because he likes it. He does so because the Provost Marshal has sentenced him to mental employment for three months. Gluttony and epistolary braggadocio brought about his downfall.

Letter Gives News.
The following letter was found in his pocket by an operative of the Criminal Investigation Department. "In view of the contents of this letter I have decided not to mail it, but to deliver it to you at an opportune occasion. Even though I soulfully hate the arrogant, arbitrary and rude Yankees, I agree with the poet of the wars of liberation: Even if I hate the Frenchmen, I like to drink his wines."

"Among other things, I have already acquired from these disgusting cud-chewers: Ten large cakes of perfumed soap, 25 candles, 10 cans of condensed milk, two liters of canned beans, many small packages of cakes, several tins of candy, many tins of tobacco, 25 good cigars, chocolate and similar good things. That is the way for me in order to keep my family in somewhat decent state. In addition, four pounds of laundry soap and innumerable cigarettes, as my family does the washing for them, but only for these things. The condensed milk, a sticky fluid, is an excellent spread on bread. Two good soles and four good heel patches.

Continue Willing Receiver.
"I shall further continue a willing receiver. Otherwise we cannot get anything. From their table leavings we nearly get enough to feed the pig; which is developing nicely thereby. When we get to the villa we shall add some chickens. Then life will be somewhat agreeable."

"Despite the fact that they can now purchase a limited amount of rations from the Army of Occupation, more German residents of the occupied zone get into trouble through the illegitimate acquisition of American food than in any other way."

DR. EVARTS A. GRAHAM HEADS SURGERY DEPARTMENT AT W. U.

Rush Medical School Man Also to Have Supervision of Barnes and Children's Hospitals.

Dr. Evarts A. Graham of Rush Medical School, Chicago, has been appointed head of the Department of Surgery at Washington University School of Medicine, succeeding Dr. Fred T. Murphy, who has removed from St. Louis. He will arrive shortly to take up his duties, which pertain not only to instruction in the medical school, but to supervision in Barnes and the Children's Hospitals.

In electing to join the Washington University faculty, Dr. Graham is said to have rejected an opportunity with another large institution. He is comparatively young, being a graduate of the Princeton class of 1904. He obtained the M. D. degree at Rush Medical School.

Another appointment announced by Chancellor Hall was that of Frank H. Derby as instructor of civil engineering. He is a graduate of the University of Maine, and until recently was in the field artillery of the army.

PHOTOGRAPH LEFT ON BRIDGE IDENTIFIED AS DIFFERENT MEN

Telegram Says It Is That of Desloges Man; Police Told It Is Paducah (Ky.) Engineer.

A telegram from Desloges, Mo., stating that the photograph found on the Municipal Bridge near where a man was seen to jump into the river Monday, which was printed in the Post-Dispatch yesterday, has been identified as that of Dee Simpson by relatives there, was received at police headquarters this morning. The picture was identified last night by Jesse Cochran, 4205 Maryland avenue, as that of Thomas Schratz, 27 years old, a steamboat engineer, whose home is in Paducah, Ky.

The relatives of Simpson gave no details in the telegram, but said that they would come to St. Louis at once to see the original picture. Cochran told the police that he last saw Schratz two weeks ago on the street here.

BEQUESTS TO GERMAN HOMES

Will of William Pamperin Disposes of \$20,650.

Individual bequests amounting to \$20,650 are made in the will filed for probate today of William Pamperin, who died June 17 at 4522A Red Bud avenue. Two bequests of \$1000 each are made to charitable institutions at Dornum, Germany, the Krankenhaus and the Armenhaus. The bequests are to be held in trust until the end of the war by Charles Dirks, 3207 Walter avenue.

The Protestant Orphan Home, St. Charles Rock road, is to get \$1000 and the Masonic Home a like sum. Bequests of \$400 each are made to the Good Samaritan Altenheim and to the Altenheim. The residue of the estate is to go to Mrs. Bertha Busche, a widow; Fred Busche and Mina Diercks. These beneficiaries are children of Pamperin's deceased first wife. The sum of \$1000 is to go to J. V. Wettle of 1222 Harper street, but Wettle will forfeit his bequest if he makes any claim against the estate.

An Instantaneous Wrinkle Remover

The average woman is always surprised to learn, after experimenting with all sorts of patent so-called "wrinkle removers," that the most effective remedy in the world is a simple face wash which she can make herself at home in a jiffy. She has only to get an ounce of pure powdered ascorbic from her nearest druggist and dissolve it in half a pint of witch hazel. Apply this refreshing solution to the face every day for a while. The result is charming—marvelous. Even after the very first treatment the wrinkles show less plainly and the face has a nice, firm, comfortable feeling that is thoroughly delightful and lends self-confidence in one's appearance. This harmless home remedy is used by thousands of women to obliterate the unsightly traces of time.—ADV.

A Situation We Are Striving to Improve

If you could visit the Goodyear factories, and yourself see the immense productive forces in action there, you would wonder how and where the enormous volume they deliver could find a market.

Over the shipping platforms, rumbling onward from the stockrooms to the waiting cars, day after day passes a total of finished product the largest of its kind in the world.

This total has been steadily growing since the conversion of our plants to a peace basis, when they were launched upon the heaviest production schedule of Goodyear Tires they had ever attempted.

Not only has this schedule been accomplished, but it has been repeatedly exceeded—our present output, for example, approximates the tremendous figure of 25,000 finished tires per day.

We give you this picture of our activities that you may know we have left no practical thing undone to satisfy the insistent demand for Goodyear Tires.

Yet notwithstanding all our preparations, made in anticipation of an extraordinary business, there still are hardly enough Goodyear Tires to go 'round.

Possibly you yourself have experienced some difficulty in getting Goodyear Tires for your car, as many Goodyear Service Station Dealers' stocks are very low.

If you have had such difficulty we ask you to absolve the dealer from any fault in the matter whatsoever—his shortage is due to our inability to build enough Goodyear Tires to meet public needs.

The situation is one we are striving constantly to improve—our every day effort is to bring production nearer the point where supply will equal demand.

Until this is actually effected, we suggest that you anticipate your future requirements by placing a reservation order with your Goodyear Service Station Dealer.

Such action now will guard against any possible disappointment later, and will avert any inconvenience this temporary shortage might otherwise occasion.

In the meantime we are using every proper means to expand our production, in an endeavor to make Goodyear Tires as easy to get as they are worth while to use.

PESSOA ABANDONS VISIT HERE

President-Elect of Brazil Shortens His Stay in Country.

Dr. Epitacio Pessoa, President-elect of the republic of Brazil, who was scheduled to visit St. Louis next Monday, has shortened his itinerary in this country and will omit St. Louis, according to a dispatch received yesterday by the Chamber of Commerce.

The change resulted from his decision to accept an invitation of the Canadian Government to visit the Dominion. His stay in New York has been shortened to one day, and the visits to other cities have been abandoned.

Board in the suburbs is offered through Post-Dispatch Wants.

Two cash donations were received in yesterday's mail for the babies. M. C. sent \$1 and the following ladies donated \$5: Mmes. S. Broadbent, F. Griesedieck, W. Hanser, E. Kaercher, E. Rotty and N. Holsbach.

A play and dance given Friday, June 20, at 4726 San Francisco avenue netted \$3.10 for the Post-Dispatch Pure Milk and Free Ice Fund. Those taking part in the play were: Anna Abekerly, Janas Phelps, Elise, Ethel Kriemeyer and Clarence Jensen.

Increasing costs in all directions have created a need for a larger fund than the children have ever before been called upon to raise. The minimum of \$6000 has been set for the goal, but it is hoped that more than this will be raised, as a larger amount could be used to advantage. Upon the children of St. Louis falls the task of raising this sum.

Several large affairs are now being planned for the next few weeks and expectations are that this will be a Victory year for the babies.

FRYING HAM IN BUTTER IS ONE CAUSE LEADING TO DIVORCE SUIT

Woman Says Husband's Parents Were "Stinky." Even Taking Her Bedclothes on Cold Night.

Frying ham in butter was one of the causes of a family clash which led Mrs. Olivia Magdalena Koenig to file suit in the Circuit Court yesterday for divorce from Edwin C. Koenig, 3326 Kosciuszko street. When her husband's parents discovered her cooking operations, she says in her declaration, the mother-in-law called her a "sassy girl" and the father-in-law a "sassy brat."

Mrs. Koenig sets forth that immediately after their marriage her husband took her to live with his parents, Mr. and Mrs. Henry C. Koenig of the same address. The parents, she says, interfered with her home life and displayed a "dominating disposition and violent temper." Her husband also proved himself to have an incompatible temperament, she says.

The parents were "stinky" and failed to give her enough to eat, Mrs. Koenig declares, and last December took the covers from her bed, causing her to suffer from cold. The couple were married Oct. 26, 1918 and separated May 26, last. The husband is vice president and the father president of a brick yard.

CAPTURES DRIVER WHO HIT HIM

Autoist Whose Car Was Wrecked, Overtakes the Other.

Grover Drexler, 3243 Waverly place, East St. Louis, in his automobile, was about half way across the Municipal Bridge at midnight when a westbound auto crashed into his machine. Drexler stopped a second machine passing and pursued a 1918 overhauled the other driver before he had left the bridge.

Drexler turned his prisoner over to policemen, and said he wanted to prosecute the case. The prisoner gave his name as Harry J. Smith, 258 North Tenth street, East St. Louis. He said he did not see the Drexler machine, declaring there were no lights burning. Drexler said his head and tail lights were both burning.

The Drexler machine was damaged \$150.

ROBBERS ACCEPT FOOD MONEY

Take Proffered 80 Cents and Run After Holding Up Restaurant.

Two men attired in uniforms of Sergeants of Infantry entered the restaurant of Charles Anderson, 1233 Market street, at 1:40 a. m. today and ordered Anderson and two customers, Mrs. Lucy Feldman, 2145 Eugenia street, and Calvin Esch, Maryland Hotel, to line up against the wall. Both displayed revolvers. Anderson gave 50 cents from his pocket and handed it to one of the men. "Here," he said, "Go get something to eat."

"Thanks," replied the robber and he and his companion walked out.

MISS MARION CRONK TO WED MORTON LUCAS

Ceremony to Take Place Tomorrow Morning—Engagement Not Previously Announced.

MISS MARION CRONK, daughter of Mr. and Mrs. T. H. Glancy, will become the bride of Morton Lucas at 9 o'clock tomorrow morning at the New Cathedral.

The engagement had not been previously announced. The wedding is to be very quiet, with only the immediate families present.

The bride will wear a white tulle frock and hat of white tulle and will carry a bouquet of orchids and lilies of the valley. The bride's sister, Miss Rose Cronk, will be maid of honor. She will wear a frock of white organza with hat of pink or pink roses. Little 4-year-old Thomasine Glancy will be flower girl, and Charles Lucas will act as best man.

Mr. Lucas is the son of Mr. and Mrs. J. B. C. Lucas, and has just returned from France, where he was with the 12th Field Artillery. Miss Cronk is a graduate of Sacred Heart Convent.

Social Items

The New Cathedral was the scene of a pretty wedding this morning when Miss Helen Blach, daughter of Mr. and Mrs. Robert E. Blach of 4526 Westminster place and Charles C. Kilgus Jr., were married. Father Gilfillan officiated. A reception at the home of the bride's parents, which about 60 guests were present, followed the ceremony.

Mrs. William L. McMaster, wearing a gown of lace over flesh Georgette with hat and such of orchid tulle, acted as matron of honor. The maid of honor was Miss Helen Barron, who wore a gown of blue tulle and silver lace with hat to match. The bridesmaid, Miss Grace Devine, wore a gown and hat of pink tulle. The bride's attendants carried fan shaped bouquets of orchids and sweet peas. Little Marie Louise Padberg was flower girl. She carried a miniature bouquet of the sage flowers.

The bride's gown was white tulle over satin with long satin train trimmed with orange blossoms. Her veil was of white tulle held in cap shape by a wreath of orange blossoms.

Eugene Kilgus, brother of the bridegroom, acted as best man. The ushers and groomsmen were Messrs. Marcellus Schotten, Lynn Noonan, Theodore A. Morrey and William L. McMaster. Mr. and Mrs. Kilgus, following a honeymoon in the West, will be at home at 3923 West Pine boulevard, after July 15.

Mrs. J. F. Murphy of 5329 Maple avenue will entertain today with a bridge luncheon at the Women's Club at 1 o'clock. The party is given in honor of Mrs. James Cantrell of Jacksonville, Fla., who is visiting her sister, Mrs. Edwin Massa of 5409 Maple avenue. Mrs. Massa will entertain for Mrs. Cantrell tomorrow, with a luncheon at Sunset Hill Country Club.

Another wedding of today will be that of Miss Jeanette Hoevel, daughter of Mr. and Mrs. Edwin Louis Hoevel of 5330 De Cherville avenue, whose marriage to Maud Merille McCain will take place at 8:30 o'clock this evening at the home of the bride's mother. Only the relatives and most intimate friends of the family will be present at the ceremony and wedding supper, which will follow.

The bride will wear a gown of white broadcloth flit over shell pink satin. A coronet of three tiers of orange blossoms will be used to fasten her veil and she will carry a shower bouquet of white orchids and lilies of the valley.

The Rev. Dr. Conble Smith will perform the ceremony and there will be no attendants. Mr. and Mrs. McCain will be at home at 6273 Delmar boulevard after July 15.

The LaCade, Council, Knights of Columbus, will entertain members and friends with a boat ride on the steamer St. Paul tomorrow evening.

Miss Martha Horde, daughter of Mr. and Mrs. P. E. Horde of Preser Park, Pa., formerly of St. Louis, will become the bride of Eugene Grell, Newell Collins of Philadelphia. The ceremony will take place at 8 o'clock tonight at Overbrook Presbyterian Church, Overbrook, Pa. Miss Grace Gettys and Miss Georgia Lee Berkeley of St. Louis have gone on to be in Miss Horde's bridal party.

Miss Margaret Lawrence of De Soto, Mo., is visiting Miss Mary Alice Murphy of 5339 Maple avenue.

Miss Frances Hays, daughter of Mr. and Mrs. Frank P. Hays of 5555 Pershing avenue, will depart Saturday for New York and Chicago, to be gone a month.

Among St. Louis Red Cross workers still in France is Miss Sidney Brown, daughter of Mr. and Mrs. Daniel S. Brown of Kirkwood, who is remaining in France to do reconstruction work.

Include the Post-Dispatch in your list of vacation needs. Your paper will be mailed daily at regular mail subscription rates. Address changed whenever desired. Order through your carrier or by telephone—Olive or Central 6600.

I know that my retirement will make no difference in its cardinal principles, that it will always fight for progress and reform, never tolerate injustice or corruption, always fight demagogues of all parties, never belong to any party, always oppose privileged classes and public plunderers, never lack sympathy with the poor, always remain devoted to the public welfare, never be satisfied with merely printing news, always be drastically independent, never be afraid to attack wrong, whether by predatory plutocracy or predatory poverty.

LETTERS FROM THE PEOPLE.

The U. R.'s Crooked Record.

Your editorial of June 13, "What Do the Straphangers Think of It?", is both timely and pertinent. Particularly illuminating is also the recital of Mr. Jackson in his book entitled, "The United Railways Referendum Burglary." We have read this book with interest and find that the part referring to the referendum is substantially in accord with the facts, as far as we were able to observe them, so we must presume that the narrative is truthful in other particulars. It appears that this company has followed, to a superlative degree, the practice of other large corporations, of employing a large number of secret service men and spies for any purpose that would further its interests, and mainly to prevent any union organization of its employees for improvement of their conditions.

It is evident that, in pursuance of this nefarious practice, hundreds of thousands of dollars were spent for the "use and benefit" of the U. R., in addition to the fabulous sums paid an attorney fees, almost entirely for the service of extracting additional and unwarranted privileges from the public. The vast sums of money paid out for secret service agents, unnecessary legal expenses, and high-salaried officials constitute an excessively large part of the expenses of the corporation, thus preventing the employees from getting the compensation that is justly due them, and also making possible additional demands upon the public.

The enormous sums of money thus wasted can only come from one source and that is the car riders and straphangers. Well may we ask, how long will the public, composed largely of the working class, tolerate these conditions and continue to pay excessive fares, in order to furnish the funds for the unreasonable high attorneys' fees and official salaries, which are far above the \$10,000 per year said to have been fixed by the Government as a maximum for railroad officials? Much longer, as the employees going to continue, without protest, to collect tribute from the car riders and straphangers, who are in a large proportion their fellow-workers, in order to furnish the means of subsistence for an army of special agents, spotters and labor spies to spy on the employees themselves? Is it not really time that the so-called labor leaders who have shown such marked inactivity and such pronounced indifference towards the controversy between the public and the street railway company become aware of the true situation? Some of them have tried to speak for and defend the company. Let them now demonstrate to the members of labor how the interests of the working class were benefited by such an attitude, in view of the extravagance and exploitation of the employees and the public that have come to light.

Father Dempsey to the Rescue.

To the Editor of the Post-Dispatch:
In reading Friday's Post-Dispatch I saw an article entitled "Strike for Better Pay," and at once thought of Father Dempsey.

If Father Dempsey will take a trip to Italy and call on the Right Reverend Bishop of Recanati, in whose diocese the strike is on, he might be able to settle matters to the satisfaction of all the parties interested, and at the same time he could go to France and call on the peace conference, and have Lloyd George, Clemenceau and President Wilson give to Ireland the right to self-determination, and on his return to this city take up the cause of the assistant priests of St. Louis, who are looking for an increase in their pay from \$400 per year to \$600.

ONE WHO IS FOR FAIR PAY.

Making Night Hideous.

To the Editor of the Post-Dispatch:
I notice a complaint recently by a person residing in Accomac street in regard to night piano playing, singing and shouting. We have the same thing in the refined West End on Ritzel avenue, where the refined people start their pianos and player pianos and near pianos, graphophones, jazz singing and loud talking, all about 11 p. m. in every night, and keep up same until after midnight. To add to this, several refined people keep dogs which they lock up in their homes when they go out. These dogs add to the concert by their howling. Can you live in the West End with the so-called refined people?

A NEWCOMER.

The Peace Time Conference.

To the Editor of the Post-Dispatch:
The peace time conference held in St. Louis on June 14 was one of the largest and most successful conferences of the Southwestern division of the American Red Cross. Much of this success is due to the hearty co-operation of your paper. The space so generously given by you before and during these meetings was an important factor in arousing enthusiasm and in making clear the extensive program that the Red Cross as a peace organization has before it. Sincerely yours,
CHARLOTTE E. TAUSIG,
Editor of Publicity, Southwestern Division American Red Cross.

FUNDS TO ENFORCE LAW.

Circuit Attorney McDaniel supplements the Post-Dispatch's suggestion that a fund should be raised for a thorough investigation of the United Railways criminal activities with a plea for money to defray necessary expenses in connection with the prosecution of the inquiry and of those implicated in wrongdoing.

An excellent solution of the question of raising investigation funds is offered by Mayor Kiel and endorsed by President Alee of the Board of Aldermen. The Mayor says that he is sure that the Board of Aldermen will vote the Circuit Attorney all the money he needs for a thorough inquiry and a vigorous prosecution of persons indicted as a consequence of the inquiry.

This is the better way. The funds needed for criminal investigations and criminal prosecutions should be supplied by the State and the city. Public money for this purpose is better than private money, but money subscribed by citizens to enforce the laws is better than nonenforcement of the laws.

The value of the Mayor's suggestion is easily tested. Let Mr. McDaniel submit an estimate of his expenses and a bill appropriating sufficient funds for him to draw upon by the State and the city. This can be done quickly.

If the board does not act citizens should act. The Post-Dispatch will help, but we do not believe the fund should be contributed by anyone newspaper or organization. If it shall be necessary to raise a fund by individual subscriptions, it should be a citizens' fund—a fund contributed by untainted citizens for the vindication of law in this city.

Enemies are joining with his friends now in rooting for President Wilson to beat the ban.

A POLITICAL CANUTE.

Senator Borah's latest threat to secede from the Republican party and organize a new party is interesting only as it reflects public sentiment toward the League of Nations and the fallen fortunes of a once notable political figure.

It is not so long ago that Mr. Borah divided the unofficial leadership of his party with Mr. Root. Except for the political topography that disqualified the resident of a far Western State for the presidential nomination, the Senator from Idaho might possibly have headed the Republican ticket in 1916. And with that election scraping the ancient political maps, the name of Borah has been included in every survey of available for 1920. In part appraisal the defection of Borah, up to within the last few months, would have been accounted almost a tragedy. Now the announcement of his apostasy occasions only a yawn.

The explanation is written large. In essaying leadership of the opposition to the league covenant Borah has forfeited the high place he held in public esteem. He has read himself out of party regard. From an asset he has converted himself into a liability. Supposedly a forward-looking man, in sympathy with progressive moods and purposes, entirely out of fellowship with the Republican Bourbons, he is hopelessly reactionary on the question dearest to the heart of the American people and the peoples of all lands. He would turn back the clock of history to August, 1914, write a cipher opposite the tears and blood and death of the great war and leave humanity as before, a prey to the intrigues of a bartering diplomacy and the merciless ambition of any crowned megalomaniac.

The world has swept past Borah. He is a pitiable, ridiculous Canute, ordering the ocean to roll back. Should he leave his party he would take nothing from it save his own myopic folly. Should he organize a new party on a platform of opposition to the League of Nations, it is doubtful if such party could carry a single precinct in the United States.

It is to this that Borah has fallen. His unhappy estate is proof of the American people's determination that the old order of blood and iron is gone and that the genius of civilization is henceforth against war.

The light of this truth ought to penetrate even the arcana of Washington partisanship.

Those whom the United Railways tried to bribe are being heard from. Were all attempts failures, as in these instances?

A DRY REVERSE.

The drastic enforcement program of the prohibitionists in Congress has suffered a temporary halt. The provision for searching private homes on the testimony of "two credible persons" has been amended. Such search must have the authority of a warrant issued by a court of record, or a Federal Court, or by a United States Commissioner. To vest such power in the testimony of "two credible persons," it was argued, would be sure to lead to unpleasant consequences; to embarrassment, humiliation and distress, since the power would either be imprudently exercised or, in some instances, wantonly abused.

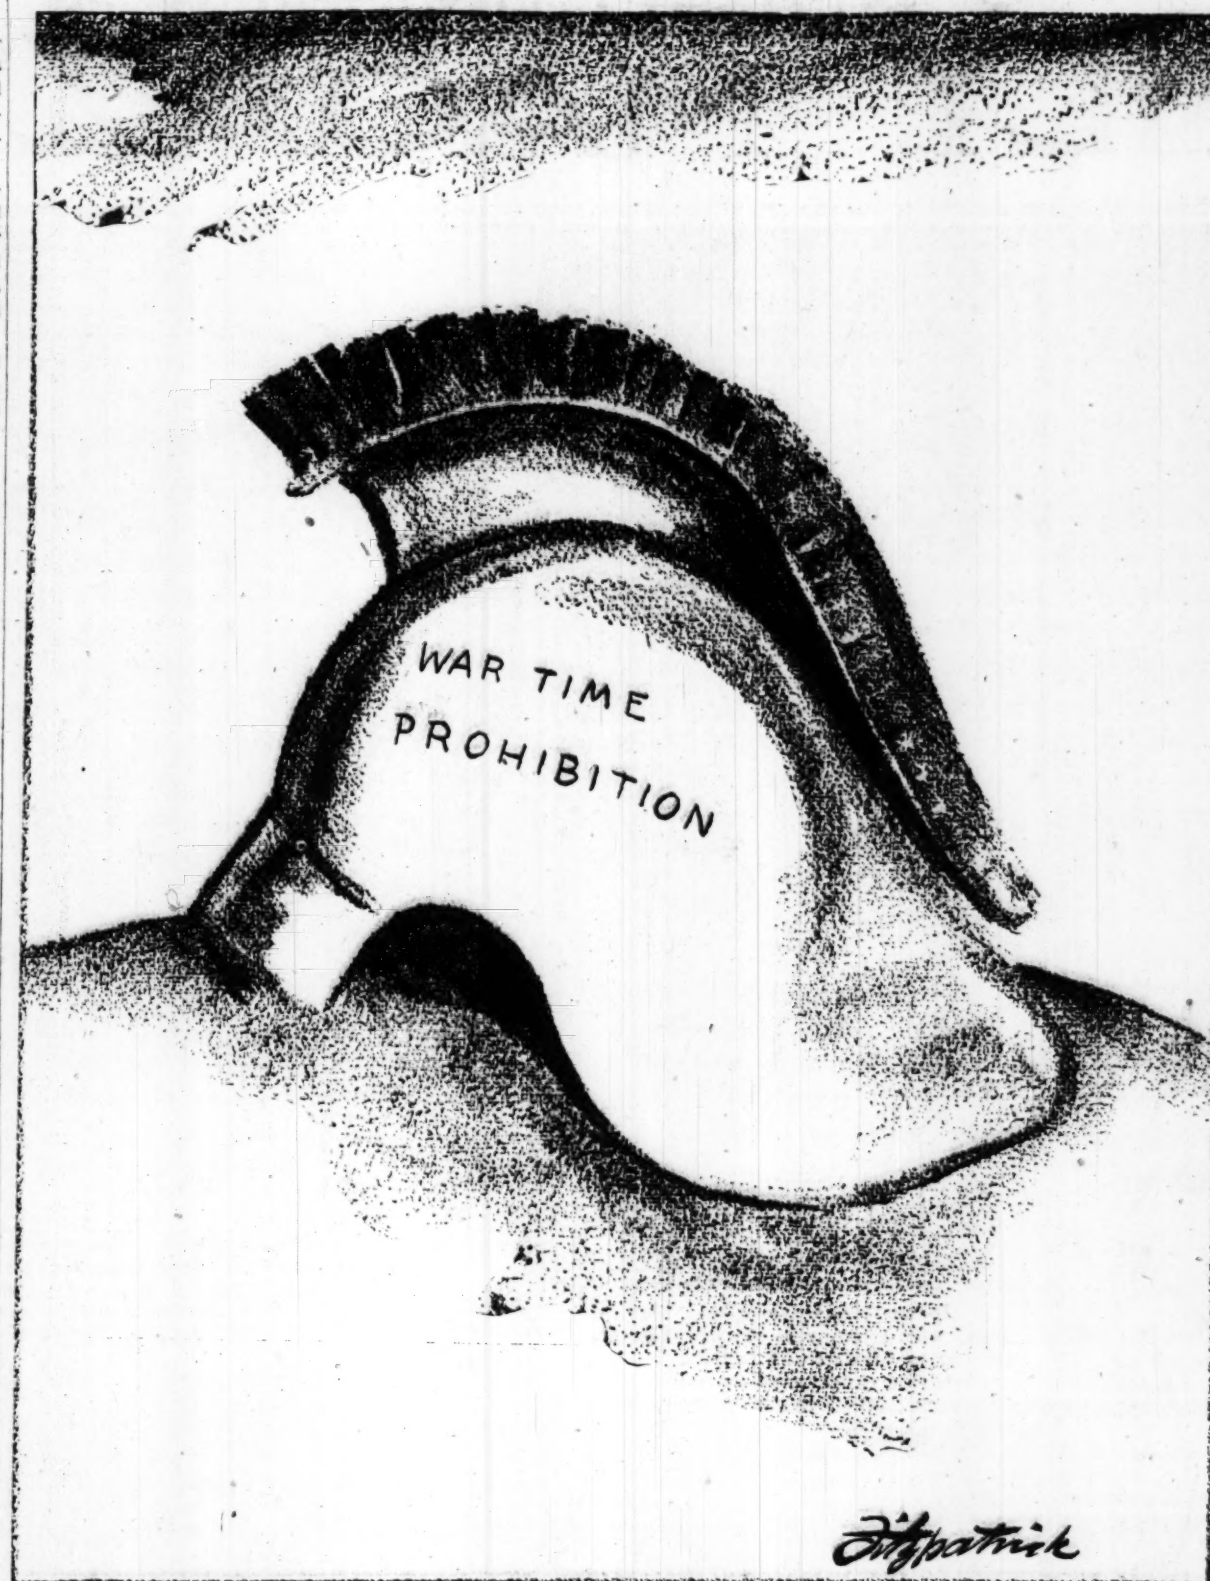

It is gratifying to learn that the sanctity of the home and certain ancient rights of privacy have not yet been wholly abolished. But this extension of their precarious tenure, it may be feared, is but a reprieve. Intolerance always has been inevitable and to imagine the dry zealots will prove a shining exception to the rule is to cherish an illusion. It requires no prophet to foresee the coming of an inquisition which shall trample over thresholds once held impassable and sleuth and snoot into sanctuaries which law, custom and decency had declared inviolable. The destruction of one right always involves the destruction of others.

ONE ANTI-PEACE GROUP.

France is celebrating peace with tears of joy and the civilized world will follow her lead. When the peace treaty is signed at Versailles all mankind will accept it as the dawn of a new era and will rejoice—all except one little group of disgruntled politicians in enlightened and progressive America.

Some Republican Senators in the United States Senate, with one Democrat, are scheming to postpone peace and defeat the guarantees of permanent peace. So anxious are they to defeat the work accomplished through the President's labors, in order to discredit him, that they are willing to risk the defeat of peace. The peace treaty is the only means by which a real and permanent peace with justice can be established, but they want to set aside the peace treaty and set up a sham peace. Senator Knox proposes to tear the peace treaty in pieces. Senator Fall proposes in a resolution to declare the war at an end without any guarantees of peace terms, so that the Senate can debate and rip up the treaty of peace.

While all the rest of the world wants peace these Senators want a debate on peace. They are willing to let the great concern of America and the world go on the rocks in order that they may vent their partisan spleen on the President and serve their partisan and personal purposes. They are making a sorry spectacle of America, whose leadership in civilization they would turn into a leadership in dishonor and chaos.

ALL THAT'S LEFT IS HIS LID.

The MIRROR of PUBLIC OPINION

TREAT POLISH ISSUE IMPARTIALLY.

FROM THE POLISH PUBLIC LEDGER.

THE most sensible view of the complicated situation brought about by the charges and counter charges as to the question of persecution and the setting up of pogroms in Poland would seem to be that taken by Chairman Porter of the House Committee on Foreign Affairs. Mr. Porter, instead of beginning public hearings over here to secure evidence for or against the pogroms, has decided to wait until the report of the American committee now investigating the matter in Poland is made to the State Department through Minister Gibson. One who recalls what Minister Gibson did in Belgium as charge d'affaires under the direct supervision of Minister Whitlock, it must be clear to all that this very grave issue will be approached with that sympathy, that sense of justice and that capacity for getting at facts even under difficult civil, military and racial conditions that ought to bring out the full truth. Under the circumstances, there seems to be plenty of evidences of eye-witnesses who are practically impartial observers as to the actuality of certain anti-racial outbreaks. But it is also apparently accepted, even in Jewish circles, that the range and character of the outbreaks have been made a matter of political propaganda by Germans in Poland, in Germany and in the United States. Poland, as the creation of the peace conference, naturally wishes to win the confidence of the world in its ability to set up a stabilized government and a civilization that will respect the rights of all. And all those friendly to a people with a great historic past will hope that the final report will not reveal the new state in an evil light. Until the United States and other officials, however, get at the heart of the situation the country, as Chairman Porter seems to have done, should suspend harsh and sweeping judgments based on the supposed deliberate intention of the new state to set in a way prejudicial to the interest of all classes of its citizens as a matter of state policy.

MR. ANTWERP'S OPINION.

"I SEE the Senate is considering declaring peace on its own hook and not having anything to do with the peace treaty to be brought over by Mr. Wilson," Mr. Antwerp said. "However, it seems to me I begin to understand the Senate a little better than I did. I got to thinking this latest enterprise over, and it suddenly struck me that the Senate might have a noble motive instead of being actuated, as it usually is, by what appears to be mere hatred of Mr. Wilson. 'You know the Senate held out to Germany a promise that no such peace as the Paris Conference proposed would be ratified. The Germans were not getting much encouragement at that time, and they probably banked on the Senate a little harder than some of the Senators realized. At any rate, after giving the Senate every chance to fulfill its promise, the Germans finally agreed to sign whatever the conference asked it to sign, abandoning hope of senatorial aid. 'Let us try to understand how the Senate felt about that. It felt ashamed. There was no escape from it. It had encouraged the Germans to resist the peace terms in the expectation that the Senate would get an easier peace for them, and had then failed to make good. 'Very well. Could it rest in that shame without trying to do something to square itself with the Germans? No. What could it do? Well, Senator Fall thought of something. He thought the Senate might pass a nice little resolution declaring peace with Germany. This would the Senate proffer the olive branch in advance of anyone else and be the first to take Germany by the hand in forgiveness. 'Wouldn't that be fine of the Senate? Of course it would. Just think it over.'"

SIGN IN A WEST END HOTEL.

Gentlemen wearing belts may dine without coats during the summer. Great Scott! Do they still wear gaiters in the West End in summer? The Germans ought to have the Nobel Peace Prize this year for sinking that fleet. Their was the largest contribution to peace, both immediate and eventual, that anybody has made in a long time. Maybe the automobile holds up in the County are an insidious movement to get us to bed earlier.

AVIATION APPROPRIATIONS.

From the Boston Post.
IN raising to the sum of \$30,000,000 the amount available for aviation service in the army and navy, as contained in the appropriations for those departments, the Senate committees have done the right thing with promptness and emphasis. The figure for the navy is that which Secretary Daniels named, in his evidence before the committee, as needed to meet the requirements of his branch of the service for the coming year, namely, \$25,000,000, that of \$5,000,000 for the army has like authority. As these bills came from the House, the provision made for the maintenance and extension of aviation service was so manifestly inadequate as to imply a disregard of the necessities of the situation. And these are imperative for the maintenance of the effective strength of our national armament. The \$15,000,000 named by the House for each of the departments in this line or expenditure was a drop in the bucket. The airplane and the dirigible have made their place in the equipment of military service as they are rapidly advancing in that of commerce, and we cannot afford to lag behind in their development.

JUST A MINUTE

Written for the POST-DISPATCH by Clark McAdams

IN WHICH THE EDITOR FALTERS.

Naturally, now that China is part of the rest of the world and being preyed upon by the league of nations, the editor of the Shanghai Times notices this, and sets out to say something about it.

Since the Moral Welfare Movement in Shanghai has become more active of late, attention has been directed to the form of dress of the fair sex when attending theaters, dances or similar functions. Probably there are not a few ladies in the community who deplore the trend of fashion when it aspires to display as much of the anatomy as possible, and as for the men folk, for whom it is rumored, these caprices are supposed to be practiced, there are probably not a few who would prefer their wives and lady friends generally to exercise a little more judgment in this connection. In America, there are movements on foot started by some of the Women's Clubs, to introduce what is termed the "Limit of Decency Law," and committees have been formed, it is stated, to study the situation, although the difficulty of securing legislation that will remedy matters is fully realized. When interfering with this may be termed "women's rights" in this particular instance, one feels they are touching upon a delicate subject inasmuch as the ladies are apt to consider that any such suggestion is a sore aspersion upon their moral character. We therefore will venture no opinion. Or, that is—then he decided he wouldn't.

Palmer Ranks High With Administration and May Be Candidate for President

Attorney-General Expected to Come Safely Through Investigation of Work as Alien Property Custodian—Other Washington News.

By a Staff Correspondent of the Post-Dispatch.

WASHINGTON, June 24.—Watch Attorney-General A. Mitchell Palmer as a possible candidate for the Democratic nomination for the presidency. Palmer ranks high in the esteem of administration supporters in Washington and enjoys close intimacy with the President. That the President would look with favor on his candidacy is taken for granted here, though the Democratic National Committee would not permit Palmer, or any other candidate, to go before the country with the label of "the President's personal choice."

Palmer's success as Alien Property Custodian in breaking Germany's grip on some of the most important industrial enterprises of this country, his vigorous prosecution of the campaign against "red" elements, forward-looking Americanism expressed in recent speeches, his impressive appearance and his ability as an orator—these are some of the points being advanced in his favor.

Charges brought by Senator Livingston of New Jersey in an effort to prevent Palmer's confirmation as Attorney-General probably will fall of their purpose. At the first public hearing on the charges by a Senate committee, Palmer scored heavily against his accusers. In a slashing, dramatic statement, he carried the fight to his opponents, declaring they were aligned with the interests whose enemy he had incurred by taking over German-owned property. Not only was he not afraid of a complete investigation, he said, but he welcomed it as a means of justifying to the American people his pride in the "organization"—the office of the Alien Property Custodian—which had defeated Germany in America.

Assuming that Palmer can refute whatever charges may be brought, and a serious doubt is entertained that he can—the fight over his confirmation, by bringing him into the limelight, will help rather than hurt his chances for the presidential nomination.

His chief handicap appears to be the fact that he comes from Pennsylvania.

Chairman Will H. Hays of the Republican National Committee, expects, he says, to "in and out" of Washington for a month. Hays' trip over the West, it is believed, has convinced him that the country wants some sort of international arrangement to minimize the danger of a world war and that the Republican party would commit suicide if, following the advice of Senator Borah and other irreconcilables, it adopted opposition to the league of nations as a party policy.

The National Chairman is expected to have a series of heart-to-heart talks with wavering Republican Senators and tell them of the folly of letting the country go the way of the Republican party is fighting the league. Hays said in a recent speech in Indiana that the league was not a party issue, but an American issue. Indications are that he is prepared to enforce this view with concrete political facts.

Borah, of course, like Reed of Missouri, is not to be shaken from his position, but there are others to whom Hays' logic will appeal.

LIEUTENANT TAKES BRIDE TO MINISTER IN HIS AIRPLANE

Kansas Couple Fly 75 Miles in 50 Minutes to Be Married.

By the Associated Press.
HAYS, Kan., June 25.—Miss Orpha Jane Arnold, daughter of a farmer and oil operator at Larned, drove one of her father's automobiles west to the cemetery at Larned at 5:25 yesterday morning. At 9:25 she stepped into Lieut. Warren P. Kite's airplane. At 10:15 she arrived at Hays, 75 miles away. Ten minutes later they were married.

The couple had known each other nine days, since Kite went to Larned for a home-coming celebration. Miss Arnold had taken seven flights with Kite and on each flight she demanded a stunt flying.

Kite was for 22 months an instructor at Kelly Field, San Antonio, Tex. His home is in Springfield, Mo., where he and his bride will make their home. Today Kite and his bride will do stunt flying for the home-coming celebration here.

POLES SAY GERMANY PLANS TO FIGHT IN SPITE OF TREATY

Present Group of Intercepted Telegrams Saying East and West Prussia Will Open War.

By the Associated Press.
PARIS, June 25.—The Polish high command has forwarded to Premier Clemenceau a copy of a German official telegram which it intercepted in Silesia. The text of the telegram is as follows: "Posen, June 21.—The Government will sign the peace treaty. Nevertheless, the Republic of Poland in Western and Eastern Prussia will proclaim war against the Orient. The Government officially will support the business in every way."

Horsing and Wig are the Prussian High Commissioners in Silesia, and East and West Prussia respectively.

The Polish command points out that in order to spare them from the results of the maneuvers, the

President of Ireland has come over here, where the Irish really have a republic.

St. Paul is asking for the next Republican national convention on the ground that it is needed in that section to combat the growing influence of the Nonpartisan League. Next to St. Louis and Kansas City, St. Paul is considered the strongest contender in the race for the convention.

Champ Clark, House minority leader, thinks that Missouri should have a new Constitution. The old one, he says, has many good points, but it's out of date, and this thing of revising it piecemeal is all humbug.

When a constitutional convention is held, he will urge that the former Speaker, "I want to go there to work for reform of the State judicial system. There ought to be a Circuit Judge for each county who would also be ex-officio Probate Judge and hold the preliminary hearings in felony cases now held by Justices of the Peace."

Former Speaker Clark has been officially immortalized by the hanging of his portrait in the Speaker's corridor of the Capitol, in company with the likenesses of Henry Clay, Thomas Reed, Uncle Joe Cannon and others of his predecessors in office. The painting, chosen by Clark is by Boris B. Gordon of New York. He has sat for four portraits by many artists. "If anybody tries to get me to pose for another," said Clark, "I'll shoot him."

Like James E. Smith of St. Louis, Representative W. T. Bland of Kansas City, an active worker for inland waterways development, believes that passage of the Esch bill, or some similar measure, is vitally necessary if the railroads are to be kept from strangling waterways competition. The Esch bill would require the railroads to co-ordinate their lines with the waterways by means of joint tariffs and through bills of lading. According to Bland, the bill has a good chance to get through Congress. He believes it ought to receive the cordial support of all friends of the waterways.

Bland recently introduced a bill appropriating \$2,000,000 for immediate use on the Missouri River and giving the Secretary of War authority to enter into contracts up to \$50,000 for the construction of locks to be expended within three years to complete the project approved by Congress in 1910. The bill provides for making a six-foot channel from Kansas City to the mouth of the river.

The Mississippi barge line, says the Kansas City man, needs the Missouri as a "feeder" in order to realize its full possibilities.

Judge Rhodes E. Cave of St. Louis found his judicial title of no avail the other day, when he tried to enter the Capitol building to see the President. He was told that the rule against bringing in any receptacle which might contain an infernal machine has been rigidly enforced ever since the explosion at the home of Attorney-General Palmer, and the police declined to make an exception in Judge Cave's case.

Seven women reporters, accredited representatives of metropolitan newspapers, are now "covering" Congress as members of the Press Gallery. Until this session only one or two women had ever worked in this gallery at one time.

SUFFRAGE LEAGUE REPLIES TO REPRESENTATIVE CORMER'S LETTER

Women Answer Suggestion of Legislation to Submit Amendment to Referendum.

The St. Louis Equal Suffrage League yesterday issued an open letter in reply to one written by Charles F. Cormer, a St. Louis member of the Legislature, published last Sunday, in which he said the question of suffrage should be submitted to a referendum vote.

The reply, signed by Mrs. Walter McNabb Miller, Mrs. George G. Horn and Mrs. Fred L. English, takes Cormer to task for characterizing women as "having radical, emotional and impractical ideas, and so on," and for suggesting that women's suffrage should be decided during the period of the war.

Cormer's assertion that employers of labor showed little interest in the suffrage movement, answered by the statement that 150 St. Louis business men volunteered to act as an advisory of the Equal Suffrage League in the recent campaign.

Minister of Marine Says German Act Violated Both Armistice and Peace Treaty.

PARIS, June 25.—France has decided to require complete reparation from Germany for the sinking of the German warships at Scapa Flow. This announcement was made by H. Leygues, Minister of Marine, to the naval committee of the Chamber of Deputies yesterday afternoon.

He declared that the act of the Germans violated both the armistice and the peace treaty.

CHAMPION'S HEAD- WORK IN BOXING STILL TOO SLOW

Willard Counters Tardily and Misses Many Opportunities to Land Telling Punches When Opponent Leaves Openings

By John E. Wray,
Sporting Editor of the Post-Dispatch.

TOLEDO, O., June 25.—THE mystery as to the physical condition in which Jess Willard will face Jack Dempsey for the world's championship here July 4, is still unsolved. It is only natural that his stamina and strength should have increased in two weeks; but outwardly he has altered but little. As he stripped for action yesterday the only difference noticeable in his appearance was a coat of tan, a light one, acquired since he doffed his full length tights in favor of trunks.

Jess had what all the sharp eared was a fine workout yesterday. He indulged in 10 rounds of boxing, shadow sparring, and a tugging match with his four partners. It was a fine workout, and he emerged blowing just a trifle. It was true the opposition was scarcely enough to make a mosquito increase his respiratory rate. As he stood before the 1000 or more "rubes" who contributed 80 cents each to the poor man's exchequer, he looked like the side of the chemical building.

There is an overpowering sense of immensity about Willard that is enhanced when he strips for ring action. He bulks ominously. One wonders if anything less than a charge of dynamite could ever bring him low. There are those experienced in driving power, who say the arm hasn't been grown yet that can bring the big fellow down.

Make Faces at Enemy. And then, all this each to the law inspired by the behemoth proportions of the champion fades from the mind as he begins work. The first thing you notice is that he makes faces as the enemy looks on. He looks at the eyes wider and screwed his mouth out of shape, while Hemmel and Monahan carried the attack to him. You notice that he blocks fairly well in spite of the fact that he is claiming the right, by virtue of the fact that he is champion, to name the third man in the ring.

Occasionally yesterday Jess decided to take the offensive. In other words, Jess' mental processes are not yet attuned to automatic action. In the upper parts of his legs, Jess' chip out-thought him and when Jess persevered in a certain style of attack, cleverly trapped him and caught the

Title Holder Still Fat and Flabby and Needs All the Work He Can Get

JESS will need all of the time that remains to advance his boxing to the point where he doesn't have to stop and think about each little move he makes. When he's in the ring with a bunch of TNT there will be no time to sit down and worry about what is the best block for a right to the body and left to the jaw. The glove must be there, where Dempsey's hand is going to land without any cumbersome mental process being involved. At present Jess is a half second behind Dempsey.

Another point the onlookers yesterday observed, and this time it concerned Willard's physical condition. Jess was still flabby. If he were getting into the ring against a trained man of his own size one could pooh-pooh his chances. He has fat all over him and when his diaphragm is relaxed he has a distinct roundness to his abdomen. When he moves the flesh quakes and quivers like jelly and the muscles of the upper parts of his legs, and his "ship" just in this same way.

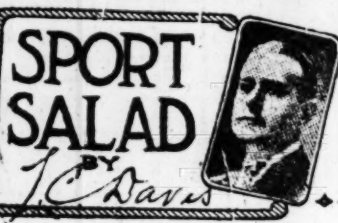

Not in His Havana Shape. The little triangle over the solar plexus flutters constantly after he has been in action for two rounds. To all the physical culture men who focus their eyes on the situation this is a bad sign.

To offset this is the testimony of Billy Rocap, mentioned as a referee for the match and widely known as the men who first suggested that Jess was the proper party to wrest the championship from the black race. Rocap viewed Willard in action for the first time yesterday.

Willard is not much in the shape he displayed in Havana, when he was strictly on edge. He was hard as nails, but today he is soft and still has a little fat. His general conduct in the ring today was that I would not like to venture an opinion as to what he will do July 4, but his wind seems good and he did not breathe heavily after his 10 rounds of boxing. He has 10 days in which to put an edge on his training and he is not boxing a finish fight. He will probably be ready when the bell rings.

Willard still takes it easy in his boxing efforts. His three rounds each with Hemmel and Monahan developed nothing sensational. No very hard blows were landed on either side, although Jess continually pulled his punches. None of the members of the staff is capable of extending Jess to the point where he has to defend himself, although an occasional flurry by Monahan and Hemmel caught the champion out of position and made him appear awkward. Best of all, however, Willard is slow and cumbersome, and the poor material he confronts as sparring partners.

Dempsey was 24 years old yesterday.

In Rebuttal.

I HATE to see you take a dig at poor old brother Enders. As his bay window is so big, he has to wear suspenders.

—Fahri R. Buckle.

If brother Enders needs a brace the argument is ended. The rules and trunks in his case will have to be suspended.

But since suspenders must adorn his frame through all the seasons, we take it that the belt is worn for ornamental reasons.

Oh, You Kid!

Jess Willard says he is feeling so young he is thinking about hiring a trained nurse to train him for his coming battle.

Instead of a regulation punching bag, it is said the infant prodigy purchases a baby's rattle for a half hour every morning, followed by a 45-minute session with the teething ring.

After a light midday repast consisting of 4 ounces of Mullin's food, sugar of milk and lime was administered to him. He then donned his sailor hat and rompers and rolled his hoop around the block three times.

After a tub and a wash, the champion hits the crib and sleeps until awakened by nurse for his 6 o'clock bottle.

Jess says he expects to go to the ring line in the pink of condition. He has a good record for his first fight, and he is claiming the right, by virtue of the fact that he is champion, to name the third man in the ring.

Running the Scales. Jess Willard hopped on the scales this morning and began chirping as follows: "Re la so do fa mi si (Ray) lots a do for me, see!"

In accepting the peace terms imposed, Von Haniel says in conclusion: "Please accept, Mr. President, assurances of my highest consideration." Meaning: "If hope you choke to death every time you draw your breath."

Smells to Heaven. The police are looking for two men who were selling water at two-bits a bottle and calling it perfume. Must have got the water out of the River des Peres.

See where a man jumped off the Mississippi bridge into the Mississippi River and drowned himself. Spiking the report that nobody is using the free bridge.

The man on the sand box says with the abolition of the "rough stuff" fund and the dousing of a few legal lights, the U. R. might discover it can make money with a 5-cent fare.

Cardinals Have Captured 15 of 25 Home Battles

Club Has Gained 146 Percentage Points Since Returning Here Memorial Day.

One of the most successful home stands the Cardinals have enjoyed in several seasons will be concluded today, when the Pittsburgh Pirates are met in the fourth and final game of the series. Yesterday the Knot-Holers kept their losing streak of five straight by winning, 9-2. In addition to the victory, Wilbur Cooper, one of the best southpaws in the N. L., was pounded for 13 safeties, 11 of which went to the outfield.

Since returning home, May 30, the Knot-Holers have won 15 games and lost 10, a winning percentage of .600. This spurt has enabled the club to gain 146 points in the standings. When the two teams clashed in the N. L., was pounded for 13 safeties, 11 of which went to the outfield.

What Club Did at Home. What the charges of Branch Rickey accomplished here follows: Chicago 2-2, Cincinnati 2-1, Philadelphia 2-1, Boston 2-1, Brooklyn 2-1, New York 1-2, and Pittsburgh 1-2. This is a good enough record for any team's ball club.

The conquest yesterday was gained by sequential hitting. The bunting Cooper was handed one of the worst he has received in many a day. One inning, the fourth, showed the heavy hitting of the Cardinals. In that inning, they scored four runs and drove in three.

McIntyre tripled, and scored on Paulett's single. Paulett counted when Stengel fumbled. Smith singled, and scored. The Cardinals won 9-2. The Pirates lost 2-1. The Cardinals' record is now 15 wins and 10 losses. The Pirates' record is now 10 wins and 15 losses.

Goodwin in Great Form. Aviator Marvin Goodwin was in rare form. But for a three-base wild throw, Rogers Hornsby he would have earned a shutout. The two runs off him came in the sixth, when Bigbee and Terry singled and came home on Hornsby's wild throw. His first grounder, by all, Goodwin yielded eight safeties.

Smith Plays Good Ball. Jack Smith played good ball. He made four hits in five attempts despite a fact that a left-handed pitcher was on the hill for the Pirates. Smith played good ball. He made four hits in five attempts despite a fact that a left-handed pitcher was on the hill for the Pirates.

Hornsby Hits Home Run. Rogers Hornsby hit his first home run of the season at home, when in the eighth inning he drove in three runs with a home run. He hit his first home run of the season at home, when in the eighth inning he drove in three runs with a home run.

Paulett Shows Up Well. Gene Paulett showed up well at short. He handled nine balls cleanly. Two double plays were made off him, while he acted as middle man in another.

Good Crowd Turns Out. A good crowd was on hand, the attendance totaling around 2000.

Doak May Hurt Today. RBI Doak may oppose the Pirates in the series today. Earl Hamilton, former Brown, is due for Benzie.

EASTERNERS GAME AHEAD OF EVANS AND SAWYER. TORONTO, Ontario, June 25.—OSCAR KIRKBY of Toronto, N. J., and Gardner White of New York, the Eastern pair, were a game ahead of the Chicago amateur golfers in the 10-hole match today.

WOMEN IN GREAT PLAINS TOURNEY PLAY 7 MATCHES. KANSAS CITY, June 25.—Five singles matches and two doubles were played here yesterday in the second round of the Great Plains Women's tennis tournament. The results: Miss Edna Higgins defeated Miss Maxine Fering, 6-3, 6-0. Miss Marjorie Hires defeated Miss Ruth Hager, 6-2, 6-0. Miss Lillian Kidd defeated Miss Marion Custer, 6-0, 6-2. Miss Ralph Peet defeated Miss Lillian Kidd, 6-0, 6-2. Miss Lillian Kidd defeated Miss Marion Custer, 6-0, 6-2.

10 MOTORBOATS ENTERED IN 20-MILE RACE SUNDAY ON THE MISSISSIPPI. The entries for the Missouri Automobile Club motor race Sunday, now aggregate 10, according to Eddie Koenig who has charge of preliminary arrangements. The three latest entries are the Bum Bum, owned by C. J. Price; Reliance V, owned by Verhaegh brothers. The boat race will be held on the Mississippi River, starting at 10 o'clock. The announcement is unusual in that navigation has not been closed in the harbor for several years for a similar reason.

FEW ST. LOUIS GOLFERS TO PLAY IN TRI-CITY. The Tri-City golf tournament scheduled for Saturday and Sunday at Kansas City is not attracting as many St. Louis players as was expected last week. James Manion, Frank Lynch and Chris Kenney have announced they will not take part. The only amateurs likely to take part are Stuart Stickney and Clarence Wolff. Among the professionals, Jim Barnes and Willie Kidd have announced their intention to play. Stuart Maiden, St. Louis County Club "pro," will not be able to attend.

FOREST PARK GOLF CLUB EVENT OPENS SATURDAY. The annual club championship tournament of the Forest Park Golf Club will begin with qualifying play Saturday and Sunday over principal links. Two rounds will be played in each day, a qualifying and a final round. The tournament is an extra prize ordered by the referee. Coles then threw Polk with a rolling fall.

Jeff Smith Wins Bout. MONTREAL, June 25.—Jeff Smith of Bayonne, N. J., middleweight, easily outfought Eugene Brouseau, formerateur welterweight champion of Canada, in a 10-round bout here last night.

Princeton Golfers Lead. PHILADELPHIA, June 25.—Princeton led the field yesterday at the 72-hole competition for the intercollegiate golf team championship at Merion. Yale, 15 strokes behind Princeton, was second, and Harvard third. Pennsylvania, Columbia and Williams finished in the order named.

Heavies of Real Merit in 8-Round Go Here Tonight

Miske Has Twice Stayed With Dempsey in Short Bout, Brennan Also Is Star.

By Ring Lardner.

TOLEDO, O., June 25.—Gents, this thing is being more involved every minute. We have the rumor today that Willard has got a lot of spies at the Dempsey headquarters every afternoon and vice versa.

If this is true they are cheating on each other like that and it seems to me that the fight ought to be stopped, and if Gov. Cox won't stop it, I will myself.

Rumor No. 2 is that Jess has got a concealed sparring partner who is bigger than himself and that they work out together at 3 o'clock every morning, when the newspaper men are not there, or if they were out there they would see.

This man is said to be living in a two-acre lot adjacent to the Willard camp and he sleeps during the time he disguises himself as a fallen tree and fools not only Dempsey's spies, but also the newspaper men. The latter will be the leaders of the feature eight-round out of the first open air show to be staged by the Rialto A. C. at Cardinal Field tonight.

Miske is rated as one of the best men in the heavyweight division. Despite the fact that he weighs only 175 pounds. His ability to stay in the ring twice with Dempsey without being knocked out, stamps him as a battler of real merit. One of these contests was for 10 rounds and was staged in Minneapolis, while the other was a six-round affair in Philadelphia.

In both of them Miske made a creditable showing, although the decision of the critics present went against him. He has defeated Willie Meahan, the Coast boy, who has always been a barometer of the sun should shine, and if it neither rains nor shines it can be used as a barometer.

Joe's idea is to have it held steady by four captive balloons, but he doesn't know where he can capture the balloons, but if my ideas about the referee question are carried out and they

Has Met All Heavies. The record book shows that Miske has fought most of the heavies in the ring today, and they include: Mike, Weiner, Carl Morris, Charlie Weiner, K. O. Brown and numerous others. He has been fairly busy of late, last week stepped in 10 rounds with Tom Gibbons. The "newspaper" decision went against him.

Miske, through his manager, Jack Reddy, has announced that in case Dempsey declines Willard at Toledo, he will be a challenger for the world's heavyweight title.

Bill Brennan also owns a good record. He has been fighting since 1914, and for him it is claimed that he has stopped more men than any other heavy in the ring. He also had an engagement with Jack Dempsey, but it did not turn out very well for him. He being knocked out in the eighth round. However, early in the fight he injured an ankle and was unable to do his best.

Miske and Brennan have met before, their recent bout coming at Toledo, Ohio, was a draw. In this contest, Miske was awarded Referee Eddie Cochran's decision over 15 rounds. Brennan will attempt to wipe out the stain of this defeat tonight.

Two other contests have been arranged by the Rialto officials. In one of them Fred Nelson, who has made a good showing in all his local bouts, will tackle Ed Spear, a welterweight champion of the 125th Infantry. Spear is being handled by Eddie Randall. Eddie Meier and Patsy Flannigan meet in the curtain raiser.

Tickets for the show can be obtained by the Rialto officials. The tickets are 50 cents, 25 cents and 10 cents. The show will start at 8 o'clock this evening.

250 ENTRIES EXPECTED IN STATE GOLF TOURNAMENT AT KANSAS CITY JULY 9. The Missouri Golf Association is sending out entry blanks for the 55th annual tournament, July 9 to 12, at Kansas City, over the Mission Hills course. Because of increased interest in golf this season and yearlings by tournaments earlier in the year, the entries will go over 250, officials think. One hundred and fifty entered last year.

Qualifying play and match play will be for 18 holes, with the final match to be played on Saturday, July 12. The proceeds of the tournament will be given to the Red Cross.

James C. Ward of Kansas City is present titleholder, although he may not compete to defend his title. He has changed his residence in the last year to Brooklyn, but his title will allow him to take part if he cares to.

In conjunction with the men's tournament will be the State City Country Club. Although Richard Bockenkamp, recent runner-up to the Trans-Mississippi and Western titles, is a member of the Forest Park Golf Club, an organization not listed on the Missouri Golf Association roster, he will probably play in the tournament by special invitation.

For the first time in the history of the State association, an annual meeting may be considered to break a tie between the two organizations. The Forest Park Golf Club has made application for membership in the association, which will be acted upon at the next meeting of the Executive Committee.

Princeton Golfers Lead.

PHILADELPHIA, June 25.—Princeton led the field yesterday at the 72-hole competition for the intercollegiate golf team championship at Merion. Yale, 15 strokes behind Princeton, was second, and Harvard third. Pennsylvania, Columbia and Williams finished in the order named.

Gents, This Thing Is Being More Involved Every Minute

Rumors Have It That Fighters Have Spies at Opponent's Camp and That Willard Has Concealed Sparring Partner Bigger Than Himself, Writes Lardner.

By Ring Lardner.

TOLEDO, O., June 25.—Gents, this thing is being more involved every minute. We have the rumor today that Willard has got a lot of spies at the Dempsey headquarters every afternoon and vice versa.

If this is true they are cheating on each other like that and it seems to me that the fight ought to be stopped, and if Gov. Cox won't stop it, I will myself.

Rumor No. 2 is that Jess has got a concealed sparring partner who is bigger than himself and that they work out together at 3 o'clock every morning, when the newspaper men are not there, or if they were out there they would see.

This man is said to be living in a two-acre lot adjacent to the Willard camp and he sleeps during the time he disguises himself as a fallen tree and fools not only Dempsey's spies, but also the newspaper men. The latter will be the leaders of the feature eight-round out of the first open air show to be staged by the Rialto A. C. at Cardinal Field tonight.

Miske is rated as one of the best men in the heavyweight division. Despite the fact that he weighs only 175 pounds. His ability to stay in the ring twice with Dempsey without being knocked out, stamps him as a battler of real merit. One of these contests was for 10 rounds and was staged in Minneapolis, while the other was a six-round affair in Philadelphia.

In both of them Miske made a creditable showing, although the decision of the critics present went against him. He has defeated Willie Meahan, the Coast boy, who has always been a barometer of the sun should shine, and if it neither rains nor shines it can be used as a barometer.

Joe's idea is to have it held steady by four captive balloons, but he doesn't know where he can capture the balloons, but if my ideas about the referee question are carried out and they

CORN MARKET IS STRONG AFTER AN EARLY DECLINE		GOOD WEATHER LOWERS CHICAGO CORN FUTURES	
<p>There was further selling pressure on the corn market here yesterday, and futures sold almost 3¢ lower shortly</p>		<p>CHICAGO, June 25.—The corn market was unsettled today, varying much, but a general opinion that peace had been amply accounted in advance contributing to the initial decline.</p>	

The July option was relatively finer than the other options, but it was not the best. It induced a break early in the season. Selling prices which ranged from \$6.12 to \$7.12, and December \$1.92 to \$1.12, were the best. The market crept away from the low level in the latter part of the year, sagged with corn. After opening unphased to \$6 down, with Sept. at 68¢, it advanced to \$10.50, and then advanced but later advanced fractionally with corn.

MORE TRUTH THAN POETRY
By James J. Montague.

EASY MONEY.
Why worry along till you're bent and gray
At futile and needless toil
When the veriest hick can get rich quick
On a flyer or two in oil?
You don't need derricks, you don't need wells,
A limitless greed will serve
If it's just combined with a criminal mind,
And an utterly boundless nerve.

You'll need a printer to print your stocks
(They all of 'em look alike)
And a glowing book by an able crook
Describing your latest strike.
Then peddle around some thrilling yarns
Of wealth made over-night.
By way of a bait, and sit and wait.
For the public to come and bite.

McGeorge had garnered a million, clean,
The day that the market fell.
He made his haul on Broad and Wall
(He never had seen a well)
Bilken founded a national bank
With his (but he's since resigned
And was last seen down in Mozambique
With the Sheriff a mile behind).

Of course they may get you now and then
(In fact, they are likely to)
And you'll tell your tale at the courtroom rail
To twelve good men and true.
And long you will wield a twelve-pound sledge
On rock that is hard to break.
But that is a chance in the new finance
That a crook must always take!

Ten, At Least.
The oil stock craze makes it appear that the statements that there's one born every minute is an amazing underestimate.

MUELLER AND BELL TO SIGN FOR GERMANY ON SATURDAY

Foreign Minister and Colonial Secretary Will Leave Berlin Friday for Versailles, Where Ceremony Is Expected to Be Held at 3 Saturday Afternoon.

GERMANS WARNED NOT TO RESIST THE POLES

Note Declares Berlin Will Be Held Responsible for "Unofficial Support" of Dissatisfied Elements in Eastern Germany.

By the Associated Press.
BERLIN, Wednesday, June 25.—Hermann Mueller, the Foreign Minister, and Dr. Bell, the Colonial Minister, it was announced tonight, have been selected as the German envoys to sign the peace terms. They will leave Berlin Friday.

By the Associated Press.
PARIS, June 26.—Efforts were being made today to arrange for the signing of the peace treaty at 3 o'clock Saturday afternoon. The Council of the League of Nations, which is apparently satisfied with the semi-official assurances that the Germans would be on hand, Paul Dutasta, secretary of the conference, went to Versailles this morning seeking information. He was informed verbally by Dr. Hamel von Hamelhausen that the German signatories, might arrive by Saturday, but he was unable to speak authoritatively on the subject.

Herr Giesberts of the old delegation, who had remained in Versailles for a time, has departed for Germany.

President Poincare very probably will be unable to attend the ceremony at Versailles attendant upon the signature of the peace terms, according to the Havas Agency.

Apart from Germany, 27 nations will be included among the allies, represented by 62 delegates, each of whom will sign the treaty for their respective countries.

The treaty document is printed on Japan hand-laid paper, and is bound in red morocco.

Special bulletins of the proceedings are to be flashed to State Department at Washington, whence they will be distributed throughout America.

Warning to Germany.
The following note has been dispatched to the German delegation by Premier Clemenceau warning the German Government against resistance to the Poles in territory allotted to Poland:
"Paris, June 25.—Mr. President: The allied and associated Powers feel it necessary to direct the attention of the German Government to the fact that the Polish authorities have come into possession of the attached official German dispatch which states that while the German Government means to sign the peace treaty it intends to give unofficial support by all the means in their power to local movements of resistance to the establishment of Polish authority in the territories allotted to Poland in Posen and in East and West Prussia, and to the occupation of Upper Silesia by the allied and associated Powers.
"In view of this information the allied and associated Powers think it necessary to inform the German Government that they will hold them strictly responsible for seeing that at the time indicated in the treaty all troops and all officials indicated by the allied commission are withdrawn and that in the event of disturbances in resistance to the treaty no support or assistance to the insurgents is allowed to pass across the new frontier of Poland."
"G. CLEMENCEAU."

Telegram Is Attached.
The telegram referred to in the foregoing letter follows:

"Posen, June 21, 1919.—The Government will sign. Nevertheless, the President (Provisional President) will proclaim for Silesia and Wig (Provisional President) for Western and Eastern Prussia, was against the East. The Government will officially declare its opposition, but will unofficially support the action by every means."
"Horsing has telegraphed today: 'Send my large parcel to Breslau.'"
